**NIGHT SCHOOL**  
In compliance with the request of several hundred women Mrs. Marshment and Mr. Turner have arranged to hold night sessions of the Paper Bag Cooking School at Masonic Temple Thursday and Friday nights of this week, beginning at 8 o'clock.

The Tribune's free cooking school opened this afternoon and if the attendance at the opening session may be taken as an indication of the crowds to follow it will be impossible to take care of all the interested women who are anxious to be initiated in the mysteries of cooking in paper bags.

Mrs. Marshment had a most attentive class at her opening session and her every word was listened to with genuine interest by the large number of representative women who had read in The Tribune of these educational demonstrations and followed the advice offered by this paper to come early so they might secure good seats where they could easily hear and see all that this clever cooking demonstrator had to offer them on the art of economy in the home, particularly in the kitchen.

Mrs. Marshment is clever. She takes great pains to clearly explain all the little details which go so far toward insuring the success of any venture and her explanations and demonstrations of the new and wonderful cooking science are easy to follow. Her demonstration is comprehensive and most thorough. Her instructions for paper bag cookery begin at the point of moistening the cookery bags, greasing them, preparing the foods and placing them in the bags and right through to the time they are taken from the oven and opened, exposing the delicious dishes which have been prepared and cooked the modern way.

**Failures Unnecessary**  
Quite a number of local women have tried paper bag cookery in their homes previous to these demonstrations and some have stated they met with indifferent success in their efforts. As Mrs. Marshment so carefully explained, there need be no failures in paper bag cookery provided the instructions be faithfully carried out and also provided the proper bags are used. Indeed, success is bound to be with the woman who follows Mrs. Marshment's instructions for the foods prepared by this clever lady this afternoon were truly delicious and beautifully cooked and seemed to more than come up to the claims made by the originators of the new cooking science.

Of course, as Mrs. Marshment expressed, (Continued on Page Six)

## Gets Year For a Theft 2 Years Ago

Merritt, Nichols, alias Harry Reed, alias Harry McCall, arrested by Captain Larry Dugan, Saturday on the charge of a theft of \$24 from Adolph Seller nearly two years ago, changed his plea to guilty this morning after declaring his innocence when formerly arraigned in court. Judge John Brindley sentenced Nichols to one year in the state prison at Waupun.

According to evidence, Nichols took \$24 from the pocket of Adolph Seller while both were drunk in a State road saloon. Nichols disappeared the next day and was not again seen until Friday when he was arrested as a tramp by a north side policeman. Saturday he was released but was recognized while walking down town by Captain Dugan who immediately placed him under arrest. He persisted that Dugan had made a mistake but finally weakened this morning and admitted his guilty.

Iowa Senator Declares that  
the Movement of the  
People Is at  
Stake

WASHINGTON, March 27.—Senator Stephenson won the first round of the fight being waged by the progressives to unseat him late yesterday afternoon, when the resolution of Senator Jones of Washington, declaring his election invalid, was lost by two votes. The count was 27 to 29.

Final vote on the eligibility of Uncle Ike, whose campaign in the primaries cost him \$107,000, is expected this afternoon.

**Cummins Scores Ike**  
Declaring that in the Stephenson case, "the new movement of the people," was at stake, Senator Cummins of Iowa today made dramatic appeal to the senate to unseat the Wisconsin senator.

With the prospect for a vote late this evening on the question, Cummins warned the senate that it was "about to make a grave mistake" if the senator were permitted to retain his seat.

"This is the most important case ever before the senate," he declared. "It places the 'new movement' of the people on trial. It means the success or failure of the primary laws."

**Managers Crooked**  
Hinting that most of the \$107,000 which Senator Stephenson expended in the Wisconsin senatorial primaries never left the hands of campaign managers, Senator Pomerene, of Ohio, declared to the senate that he would vote to seat the aged senator.

## POSTPONE CITY MISSION PLAN

Suitable Building Is Not  
Available; Committee  
to Look for a Location

The proposed campaign for the raising of funds to purchase a building for the City Mission was postponed at the meeting of the directors of the City Mission held at the Y. M. C. A. building last night. At a recent meeting a committee was appointed to consider the matter. At last night's meeting the committee reported unfavorably to the proposition at the present time but it was decided to continue the committee with a view of taking up the work later.

The main objection to the proposition advanced by the committee was that no suitable building is available at the present time. They were instructed to continue their work and to call a meeting of the directors at any time that a building which would prove satisfactory both as to price and location should be found.

The idea of starting a campaign of this kind originated with Mr. D. C. Dewey, superintendent of the City Mission several months ago and the matter was taken up. With a sum of \$500 on hand as a corner stone for the campaign it will doubtless prove a success when undertaken.

Mr. J. M. Holley, Sr., today declared that the work will be taken up as soon as a satisfactory purchase can be made.

## ALL PROCEEDINGS ARE VOID

Says Initiative in Water  
Plant Work Should  
Come from the  
Board

That the proceedings of the city administration looking to the establishment of a new water plant are void because wrongfully initiated, and that if the method is pursued and no correction of past defects made any dissatisfied citizen may successfully seek an injunction against the building of the plant, is an assertion in support of which A. C. Wolfe points to twelve sections of the city charter and to a decision of the supreme court of Wisconsin. Mr. Wolfe's statement follows:

"The act of 1887, creating the board of public works, vested in that body, under the direction of the council, the sole authority to initiate and supervise the public work in connection with the establishment and maintenance of a water system for the city of La Crosse. The act outlines the necessary procedure in installing a water system, and there is no warrant in law for the authority assumed by the special committee of the council in proceeding to establish a water system. I believe this is illegal usurpation of authority, and in my opinion the courts would hold the entire proceedings up to date void. I am not a partisan in the water question, and my only interest in making this suggestion is to avoid an expensive error. I suggest that, the matter being now temporarily held up, the administration begin over and proceed within the authority of the ordinance.

**Council Without Power**  
"In the case of the state ex rel Hallauer, which went to the supreme court from this city, it was held that the council, as a body, could not take a step identical with that taken by the special water committee in regard to the water works. In that case an ordinance fixing water rates was passed by the council without the initiative of the board of public works. The court held that, to be valid, the ordinance must be initiated by the board. It is a legal fact that the council could not delegate to the water committee a power which the supreme court has declared it did not itself possess. The case seems directly in point.

"The original error was made by the state railroad commission when it ordered the common council to proceed to provide new water works. That order should have been directed to the board of public works."

Mr. Wolfe explained that while the charter provision, section 1, chapter 9, special charter, does not specifically use the word "initiate," the supreme court so interpreted its meaning. This section, together with eleven following sections, proceed in the minutest detail to clothe the board of public works with duty and authority covering every phase in the construction and maintenance of water works, and nowhere, according to Mr. Wolfe, does the charter confer any similar authority upon the council or upon any committee thereof or upon any other branch of the city government.

**Procedure Defective**  
In the proceeding thus far, Mr. Wolfe asserts, the board of public works has not performed a single duty imposed upon it, all its functions having been usurped by a council committee without color of legal authority.

"With this defective procedure," said Mr. Wolfe, "it would be possible for any dissatisfied citizen—of whom there are many—to enjoin the city from continuing the work. Were this to occur after the letting of contracts it would not only delay the enterprise, but would result in embarrassment and possibly financial damage to the city."

The council will meet in special session tonight to take up the discussion of the question of the engineer to be employed in the drawing up of plans for the proposed plant. It is expected that Benetzette Williams will be present to give a preliminary report on the two proposed plans and make an offer regarding the price of his services.

## Poison Pepper Box Figures In Murder Case

CHICAGO, March 27.—The little round pepper-box from which Mrs. Louise Vermilya is alleged to have shaken death in the form of arsenic upon the food of her boarders, was the subject of the first testimony taken in the trial of the "woman of mystery," charged with murdering Richard T. Smith.

Miss Elizabeth Nolan, who was engaged to marry Frank Brinkamp, a son of Mrs. Vermilya by a former marriage, was the first witness. This son also died in a mysterious manner and a chemical analysis showed a large quantity of arsenic in his organs.

Miss Nolan told of frequent visits to the Vermilya flat. Asked if she noticed anything remarkable about the table when she dined there, the witness said:

"Mrs. Vermilya never had any pepper on the table. Smith and Frank Brinkamp often asked for pepper and Mrs. Vermilya would bring out a little round pepper box which she would let them use. She always took this pepper away with her again."

The woman said she was in the flat just before the death of Smith and when Brinkamp was taken with acute pains. Both men seemed suffering from the same malady. Smith became paralyzed before he died.

Department of Mines and  
Coroner Probe for Causes  
of Explosion in Jed  
Colliery

WELCH, W. Va., March 27.—Sixteen bodies have been brought to the surface of the Jed mine two miles from here, which was wrecked by an explosion yesterday, and fifty-four other bodies were located early today. It is believed that these bodies will be brought up before night. As the bodies are recovered they are being placed in plain coffins in the powerhouse of the Jed Coal & Coke company.

**Investigate Cause**  
John Laing of the West Virginia Department of Mines, arrived at the mine early today and took charge of the rescue work. He also started a rigid investigation to determine the cause of the explosion.

Dr. J. H. McCullough, coroner of McDowell county, also is investigating the cause of the disaster. After trying all night the rescue party gave up hope of finding any more of the miners alive. This hope was inspired at noon yesterday, five hours after the explosion, when ten living men were brought to the surface. They had escaped the death dealing blast by falling on their faces an instant before the sheet of flame flashed through the pit.

During the long hours of the night the women of the village hung around the entrance to the shaft, hopeful to the last that their loved ones would be restored to them.

With the rising of the sun, hope fled and the faltering women settled down with mute stoicism to await the inevitable—the identification of the mangled bodies of the dead.

Twenty bodies—making a total of thirty-seven recovered, were brought from the wrecked mine at Jed, two miles from here at noon today. It is believed that forty-six dead men are still within the pit.

## PHILANTHROPIST DIES

JOHN ARBUCKLE, SUGAR AND  
COFFEE MAGNATE, DIES  
SUDDENLY IN NEW  
YORK HOME

NEW YORK, March 27.—John Arbuckle, the noted sugar and coffee magnate, and one of the best known philanthropists in the United States, died suddenly at his home today. He was at his office on Saturday seemingly in good health, but was taken with a chill and went to his home. His illness was considered slight, but there was a sudden turn for the worse early today and the doctors were unable to revive their patient.

Arbuckle's body will be taken to Pittsburgh for burial. He was 74 years old.

Arbuckle was the head of the firm of Arbuckle Bros., established in the year 1871, which was the largest single concern dealing in roasted coffee in packages in the United States. Arbuckle was a "practical" philanthropist, having established various homes for workmen and women.

## COUNTY BOARD NOW IN SESSION

Uniform System of Ac-  
counting Plan Starts First  
Fight in the March  
Meeting

## SANATORIUM REPORT FILED

Rawlinson Explains Ques-  
tion of Accounts; Com-  
mittees Report; Much  
Routine Business

The March session of the county board opened with a fight on the question of adopting the new uniform system of accounting as advocated by the Wisconsin tax commission. During the heated discussion which followed the introduction and reading of a communication from the commission urging that the new system be adopted, Supervisor V. S. Keppel declared that the trouble now existing in the keeping of accounts is not with the system but with the frequency with which the system is disregarded. Mr. Keppel followed this up with the assertion that \$5,000 had been appropriated for road improvement at the May session of 1910 of the county board, and no report of the expenditure of this sum had ever been made.

County Clerk Charles Rawlinson immediately requested permission to give an explanation of the affair, which was granted by the chairman of the board. Mr. Rawlinson's explanation was as follows: "The money was appropriated for repair work in 1910, at which time there was no county highway commissioner in this county. Three crews of men were employed on road work in the different parts of the county, and owing to the fact that it would be inconvenient for them to have to come to La Crosse every week for their pay, Mr. Rawlinson, Chairman of the County Board R. W. Davis, and Oscar Hulberg, chairman of the road and bridge committee, after a consultation decided to make the orders for the amount due in wages over to Mr. Hulberg at stated intervals, and have him carry the money to the men instead of issuing separate orders to each of the men. Vouchers for the amounts paid to Mr. Hulberg are on file in the office of the county clerk, and the road and bridge committee approved of the payments in their report last November."

**Davis Supports Rawlinson.**  
Chairman Davis came to the support of Mr. Rawlinson, who declared that he had shown Mr. Keppel records of this transaction upon several occasions. No definite action was taken on the matter of adopting the new system at this morning's session.

A communication from the state board of control, urging that the people of La Crosse take action toward the erection of a tuberculosis sanatorium was submitted by Chairman Davis and placed on file. Owing to the fact that this question will be submitted to a referendum vote Tuesday, it was deemed advisable to take no action toward giving or opposing the project.

**Building Committee Reports.**  
The building and grounds committee submitted their report showing that \$1,855 has been paid for the improvement of the circuit court room acoustics, and \$110 for a Monarch typewriter and desk for the recently appointed court stenographer in accordance with the resolution passed at the November session of the county board. Other matters which came under the supervision of this committee and which were contained in the report are the installation of a new floor in the county jail, and the letting of a contract for repairs of the court house clock system. The report was unanimously adopted.

## TEXTILE MILLS SILENT

LOWELL, Mass., March 27.—The lockout of the textile mills was complete today not a wheel turning in any of the plants. There was no disorder. The operators' plan to try the methods by which they defeated the strike of nine years ago when they closed their plants, transferred all orders to other mills and waited until the employees came back to work at their own terms.

## FARMERS TO SUE COUNTY?

It is being rumored today that several farmers of Caledonia township and Trempealeau county are planning on bringing mandamus proceedings against La Crosse county to force the county to pay its share of the expenses in the repair of the McGilvray bridge and the road leading to the bridge. It is said that the matter may be brought up in the county board meeting which is in session at the court house this afternoon. It was impossible to confirm the rumors.

## ARIZONA SENATORS CHOSEN

PHOENIX, Ariz., March 27.—The legislature in joint session at noon today unanimously elected Henry Aschurst and Mark Smith United States senators.

## Idle Stone Pile Proves a Saving

That the stone pile of the county jail which was provided at the beginning of the year, has proved a saving proposition for the county despite the fact that no "rock pounding" has been done thus far, is the declaration of Peter Lehnen, chairman of the grounds and building committee of the county board. A resolution providing for a stone pile was passed at the last session of the county board, but owing to the extreme cold weather this winter, Sheriff C. Burns has not placed the prisoners at work as yet.

Mr. Lehnen accounts for the reduction of jail expenses by declaring that the tramps who have customarily made the La Crosse jail their winter headquarters, were warned of the new addition to the institution and have managed to pass through La Crosse without becoming conspicuous.

## T. R. IS VEXED BY RESULTS

When News Reaches Con-

Tour He Is Plunged  
in Gloom

NEW YORK, March 27.—Mingled with the rejoicing of Taft followers over their success in "snowing under" the Roosevelt candidacy at yesterday's primaries was wonder whether they would have to do it all over again. The primaries were the worst farces in the history of the state. The Roosevelt followers had continued their litigation to have changes ordered in the ballot up to the last minute, with the result that the printer who supplied the ballots could not fill his contracts.

In many districts there were no ballots at all and in others sample ballots were used. Today there was a general sentiment in favor of trying again. If yesterday's result stands, Roosevelt will have only 7 of the 90 delegates from his home state.

Everywhere the organization made a fight it snowed the Roosevelt candidates under by from two to five to one.

**T. R. Peeved**  
FORT WAYNE, Ind., March 27.—Indignant over his defeat in the New York primaries by what he termed "outrageous tactics" Col. Roosevelt arrived here at 10:10 today determined to "flay the bosses" with redoubled vigor during his western trip. Returns from the primaries were received at Canton, Ohio, early this morning and the report filled the entire Roosevelt party with gloom.

Colorado Representative  
Accuses Wickersham of  
Shielding Guggenheim  
Smelter Combine

WASHINGTON, March 27.—Dubbing what he said was the Guggenheim Smelter trust as an ally for the Taft administration and playing the attorney general for "protecting it and skirting its duty," Representative Martin of Colorado today introduced a resolution demanding an investigation of the trust by the mining company. He said Wickersham's recent refusal to give the house information as to the existence of such a combine was "astounding" and contradicted his statement that there is no smelter trust.

## PARENTS FIND CHILD

The child reported to the police as lost yesterday was identified by its parents late yesterday afternoon as Elsie Tesley, three-year-old daughter of Carl M. Tesley, 1309 Mississippi street. The baby wandered from its home in the morning and was found on the doorstep of W. B. Iden, 406 South Fifteenth street. Mrs. Iden took the baby to the police station early in the afternoon where she was claimed by her parents a short time later.

## GOESCHKE FUNERAL FRIDAY

The funeral of Mrs. Goeschke, who died yesterday morning, will be held from the residence, 1206 South Third street, Friday afternoon, at 2 o'clock, and from the German Lutheran church at 2:30 o'clock, with Rev. J. Gamm officiating at the services. Interment will be made in Oak Grove cemetery.

Throw Rocks at Windows,  
and Police Charge; Word  
to Fire Given by the  
Mayor

ROCK ISLAND, Ill., March 27.—Mayor R. M. Schriver reported to the police that an effort had been made today to assassinate him in his office at the city hall. The mayor said a rifle bullet had been fired through his office window from the street and that it narrowly missed striking him.

With one man dead, another dying and nine in the hospitals desperately wounded and four others hurt, as the result of a battle between the police and a mob, infuriated over local political developments of the last few weeks, civil law in this town has practically been suspended today. Members of the Illinois National guard are patrolling the streets, all saloons are closed and no one is allowed to loiter about the streets. Four companies of the militia are on the ground under arms and four other companies are at their armories in nearby towns, awaiting an order to be rushed here at the first sign of further outbreaks.

**Politics Cause**  
The trouble which led up to last night's bloodshed grew out of a political fight which has been raging for a month or more between Mayor Harry M. Schriver, Rock Island's first mayor under the commission form of government, and the men opposite to him and the political machine he has built about his office.

Infuriated by the speeches of Harry McCaskrin, candidate for the republican nomination for state attorney, Edward Gardner, editor of a labor paper, and several other speakers in Market square last night, the crowd gathered by these orators went to the police station, demanding a speech from Mayor Schriver answering the charges against his administration.

**Mayor Orders Volley**  
When Schriver failed to appear some members of the mob began throwing stones at the station house. This outbreak was the signal for determined measures against the mob. The mayor ordered Chief of Police James Brinn to clear the streets.

Schriver, with Brinn, appeared in the street and when the police line was being kept back, the mayor gave an order to fire. The volley from the revolvers of the police brought fifteen from the front ranks of the crowd to the pavement.

The mob, frightened by the firing of the police, dispersed, but collected again an hour later and made an attack upon the Rock Island hardware store, a few blocks from the police station. The leaders of the mob (Continued on Page Six)

## WEATHER

For La Crosse and vicinity: Unsettled weather with probably light showers tonight or Thursday; slightly warmer tonight.

For Wisconsin: Unsettled weather with probably light rain tonight or Thursday; not much change in temperature.

For Minnesota: Generally fair tonight and Thursday; not much change in temperature.

For Iowa: Unsettled weather with probably rain tonight or Thursday.

**Weather Conditions**  
The pressure is low this morning in the northern states from Montana to the upper lake region and adjacent Canadian territory, and from the plateau region into Oklahoma and Texas. It is relatively high in the middle and south Atlantic states and off the north Pacific coast. The precipitation has been light during the past 24 hours and confined to a few stations in the southwest and the upper lake region. The temperature has risen generally throughout the northwest, the central and lower Mississippi valley and eastern states.

The pressure conditions indicates unsettled weather in this section for tonight and Thursday with probably light rain; the temperature will be slightly higher.

EXPLOSION KILLS TWO

CHICAGO, March 27.—Two men are known to have been killed in an explosion which wrecked the foundry of the McCormick Harvester works at Blue Island yesterday. Four men were taken from the debris badly injured and six are missing. The accident was caused by the blowing up of one of the furnaces.

## MISSISSIPPI ICE WIPES OUT TOWN

KEOKUK, Iowa, March 27.—Gregory, Mo., a small town twelve miles south of here, is being wiped off the map by the ice gorge which formed Sunday afternoon. Citizens were taken to the highlands yesterday morning in boats as the ice pack spread out over the lowlands. By nightfall the town is expected to be buried beneath the wilderness of ice, which is ten feet deep. The Mississippi river is now ten miles wide at that point, thousands of acres being flooded by the greatest gorge ever known in this vicinity.

GREELY, Col., March 27.—Lying face down in the snow within 100 yards of a fence which would have led him to safety, the body of Albert Hoblit of Denver, who had been missing since March 9, was found today.

Couldn't See the Joke

It was in Australia that Miss Anglin had her first and only look into the depths of a big gold mine. She went down 2,500 feet below the surface, and she says that it was a truly wonderful experience.

There is an amusing sequel to the visit to the mine. Before the visitors left, the mine manager took them to the retort house, where at the moment of their entrance, a large, red hot gold brick happened to be taken out of the furnace.

"That brick," said the manager to Miss Anglin, "is worth \$150,000, and if you can carry it away you may keep it." Of course, hot or cold, the brick was too heavy for any woman to handle, and the mine manager knew it, the mean thing!

In some way, the story leaked out, and was printed all over Australia, ultimately reaching the ears of the stockholders in the mine. A special extraordinary general meeting was convened, and the mine manager was, with great solemnity, asked for an explanation as to what he meant by offering to give away the property of the mine. It took him at least an hour to explain that the whole matter was a joke. The stockholders were unable to see the joke, and rebuked the manager very severely. The Australian newspapers made much fun of the stockholders, and Miss Anglin's press agent rejoiced exceedingly. She will be seen at the La Crosse Theatre Saturday night, March 30.

## URGES TEACHERS TO DRESS WELL

Cotton Talks to Normal Students About Value of Personal Appearance

Speaking before the students of the normal school yesterday, President Cotton gave a talk on "Personality" in which he showed the great part that personality plays in the selection of a teacher. He mentioned several instances in which candidates had been refused positions simply because they were not attractive in appearance and, while stating that appearances do not count for everything, he showed exactly just how much a man with a pleasing personality gets ahead of the one without much personal attraction. Dress, he said, also, plays an important part in hiring teachers. Dirty collars on men applicants and the careless appearance of women has been the means of rejection for otherwise well fitted and qualified persons.

The Racquet year book will be on sale about April 10 and the editors are working hard to make it the best yet issued. It will comprise a digest of the year's events in the institution and the feature of it will be the illustrations and cuts of the different societies and other organizations of the school. The senior class will be exhibited individually and the other classes will also have prominent cuts. It is the aim of the editors to make the book worth not only from a literary standpoint but also from an artistic view and the 1912 Racquet annual will without a doubt be a very attractive publication.

William Stevenson has presented to the normal museum a silhouette of George Stephenson, the inventor of the locomotive.

## SPOTLIGHTS

### The Lost Trail

"The Lost Trail," an amateur production which will be staged at the La Crosse Theatre Thursday evening, is declared by its sponsors to be a play that will create a sensation among drama lovers in this city.

With the exception of the "Merchant of Venice," "Ingomar," and "As You Like It," put on by the high and normal schools last year, amateur theatricals in the Gateway City have been restricted to light farces or similar meaningless productions.

"The Lost Trail," however, according to Myron Locke, who is coaching (and playing the leading part in the play, is a play with a moral lesson embodied in it that is distinctly worth while.

Mr. Locke played "The Lost Trail" during his engagement in Florida, and mastered it thoroughly. He has picked the cast of local amateurs carefully, and declares his choice will be vindicated.

In the leading feminine role will be seen Miss Grace Adlington, a product of the east, who has had unlimited experience in amateur histrionic work. Mr. Locke will appear as Bud Larabee, a broncho buster.

Claire Bove, whose ability was tested in "The Merchant of Venice," at the high school, will play General Faulkner, the commandant of the post. Bud Moss has the character of the Lieutenant, son of General Faulkner. Charles Hyde, whose Gratiot in "The Merchant of Venice" was a success, plays Bruce Corbin. Harry Marshall will be Private Conklin, and Ralph Shaw will be Sergeant Kerwin.

Fred Rawstron will take the role of Percy Almsworth, an English tourist. The comedy roles of Mrs. Higby, keeper of the store, and Jim Hackett, stage driver, are entrusted to Mrs. James Kerr and Charles Shaw. The character of Escalante, the Ute Indian, is to be taken by one whose identity is veiled in mystery. Miss Ella Forbes plays the sergeant's daughter.

It was in Australia that Miss Anglin had her first and only look into the depths of a big gold mine. She went down 2,500 feet below the surface, and she says that it was a truly wonderful experience.

There is an amusing sequel to the visit to the mine. Before the visitors left, the mine manager took them to the retort house, where at the moment of their entrance, a large, red hot gold brick happened to be taken out of the furnace.

"That brick," said the manager to Miss Anglin, "is worth \$150,000, and if you can carry it away you may keep it." Of course, hot or cold, the brick was too heavy for any woman to handle, and the mine manager knew it, the mean thing!

In some way, the story leaked out, and was printed all over Australia, ultimately reaching the ears of the stockholders in the mine. A special extraordinary general meeting was convened, and the mine manager was, with great solemnity, asked for an explanation as to what he meant by offering to give away the property of the mine. It took him at least an hour to explain that the whole matter was a joke. The stockholders were unable to see the joke, and rebuked the manager very severely. The Australian newspapers made much fun of the stockholders, and Miss Anglin's press agent rejoiced exceedingly. She will be seen at the La Crosse Theatre Saturday night, March 30.

## URGES A SANITARIUM

C. H. SCHWEIZER ADDRESSES A MEETING OF THE YEOMEN.

URGES THEM TO GET OUT AND VOTE

Declaring that the value of a sanatorium is in removing advanced cases of tuberculosis from danger of infecting others, Charles H. Schweizer last night addressed a mass meeting of the Brotherhood of American Yeomen, urging them to get out at the polls next Tuesday and vote for the sanatorium. Mr. Schweizer declared that a sanatorium is as valuable for its protection to the community as it is for helping individual cases.

Previous to Mr. Schweizer's address the Yeomen passed a resolution unanimously endorsing the proposed sanatorium.

Dr. Harvey Dee Brown, Milwaukee, was to have addressed the meeting, but failed to arrive in the city in time.

## PASTOR'S SON HAS NARROW ESCAPE

DENVER, Colo., March 27.—John Sexton Cooper said to be a son of a Baptist minister of Detroit, lost his wife and baby and came within an ace of going to jail yesterday. It all happened in less than an hour.

Francis Marie Cooper is the wife. She appeared in the county court and was granted a decree on the grounds of cruelty and non-support. She was also awarded the custody of her baby, 12 months old.

Before the ink on the decree was dry, Cooper appeared before Justice Gavin to stand trial for uttering a forged check for \$51. In the midst of the trial a messenger boy rushed into court with a telegram from the young man's father, settling up the forged check.

## DO YOU GET UP WITH A LAME BACK?

Have You Rheumatism, Kidney, Liver or Bladder Trouble?

Pain or dull ache in the back is evidence of kidney trouble. It is Nature's timely warning to show you that the track of health is not clear.

Danger Signals.

If these danger signals are unheeded more serious results follow: Bright's disease, which is the worst form of kidney trouble, may steal upon you.

The mild and immediate effect of Swamp-Root, the great kidney, liver and bladder remedy, is soon realized. It stands the highest for its remarkable curative effect in the most distressing cases. If you need a medicine, you should have the best.

Lame Back.

Lame back is only one of many symptoms of kidney trouble. Other symptoms showing that you need Swamp-Root are, being obliged to pass water often during the day and to get up many times during the night.

Inability to hold urine, smarting in passing, uric acid, headache, dizziness, indigestion, sleeplessness, nervousness, sometimes the heart acts badly, rheumatism, bloating, lack of ambition, may be loss of flesh, sallow complexion.

Prevalence of Kidney Disease

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who usually content themselves with doctoring the effects, while the original disease constantly undermines the system.

It is Criminal to Neglect the Skin and Hair

THINK of the suffering tentailed by neglected skin troubles—mental because of disfiguration, physical because of pain. Think of the pleasure of a clear skin, soft, white hands, and good hair. These blessings, so essential to happiness and even success in life, are often only a matter of a little thoughtful care in the selection of effective remedial agents. Cuticura Soap and Cuticura Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a postal to "Cuticura," Dept. B, Boston, will secure a liberal sample of each, with 32-page booklet on Skin and Scalp Treatment.

## Expert Medical EXAMINATION AND CONSULTATION FREE

I want to talk to every sufferer. The fact that you have been treated elsewhere without benefit and are skeptical does not discourage me in the least; nearly all of my patients tell of this same experience. I am curing men and women every day and feel sure I can do the same for you. I especially solicit the stubborn, chronic, seemingly incurable cases. Persons who realize the seriousness and gravity of their condition, and will appreciate benefits conferred and the cure I give, come to me for free consultation. I will then explain how different, better and more curative are my methods of treatment than those possessed by others. My special training and long years of experience in treating all Chronic, Nervous, Blood, Pelvic and Special Diseases give me many advantages over the average physician.

I treat Rheumatism, Enlarged Veins, Fistula, Piles, Constipation, All Rectal Diseases, Weak and Unhealthy Kidneys, and Lingering Ailments.

I personally attend everyone who applies for treatment at my office, as I have no incompetent hired doctors to unsuitably treat my patients, and every man who engages my services gets the benefit of the efficiency that has marked my success in the past.

I have cured thousands, many of whom had been given up for lost. If your physical system has been impaired, if your vitality is assailed from overwork or worry, if you are tainted by disease in any form, you owe it to yourself to seek and obtain a restorative power at once.

MY COUNSEL WILL COST YOU NOTHING, BUT MY CHARGES FOR A PERFECT CURE WILL BE REASONABLE AND NOT MORE THAN YOU WILL BE WILLING TO PAY FOR THE BENEFITS CONFERRED.

LADIES CONSULT A SPECIALIST If you are suffering from persistent Headache, Pains in the Back, and feel as if it were impossible for you to endure your troubles and still be obliged to attend to your household and social obligations, I will cure you if you trust yourself to my care. I have treated and cured a great many.

# S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it and regulating its temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S.S.S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S.S.S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

## PUTTING FRIEND WHITE RIGHT

Just a few moments dedicated to  
our good friend Cash White's bub-  
bling fountain of misinformation.

Mr. White in the Sunday Chronicle  
reiterated his former assertion that  
state taxes in Wisconsin have ad-  
vanced 400 per cent in ten years.  
He also referred to having "noticed"  
in the Tribune a table of "misfit cal-  
culations" affecting taxation.

This table absolutely and unan-  
swerably refuted every allegation  
made by Mr. White in his first let-  
ter, and IT CONSISTS OF FACTS  
TAKEN FROM THE PUBLIC REC-  
ORDS. In the table it was shown  
FROM THE RECORDS, that where-  
as ten years ago the people of La  
Crosse paid a state tax amounting  
to \$1.00 on each \$1,000 of taxable  
property, in 1911 they paid 60 cents  
on each \$1,000 of taxable property—  
not an increase of 400 per cent, but  
a decrease of 40 per cent.

We challenge Mr. White to dis-  
prove this statement.

Mr. White, last Sunday, was still  
of the opinion that the money spent  
for schools, roads, county and city  
government, etc., is part of the state  
tax. In other words, if La Crosse  
votes to spend \$25,000 for paving  
next year, he will charge the item to  
the extravagance of the state admin-  
istration, which didn't and couldn't  
order or prevent or in any way influ-  
ence the matter of the paving. The  
record showed that La Crosse actu-  
ally paid \$1,644 last year to the sup-  
port of the state institutions, and  
this is "the vast amount of money"  
to which Mr. White refers as being  
"handled absolutely and solely by  
the government at Madison," and  
"paid out by the state commissions."

To put it in another way, the rec-  
ord shows that the taxpayer here in  
1911 paid taxes as follows:

For state, per \$1,000 . . . . . \$ .60

For county, per \$1,000 . . . . . 3.80

For city, per \$1,000 . . . . . 16.60

Total, per \$1,000 . . . . . \$21.00

How does this accord with Mr.

White's egregious statement that the  
bulk of our taxes goes to the state,  
and that "the state tax has increas-  
ed 400 per cent?"

By the way, why does not Mr.

White show tax receipts to substan-  
tiate his claim? Any of you citizens  
who are interested, and who want to  
measure the value of Mr. White's

statements, can find a yardstick by  
digging up and comparing your tax  
receipts for the past ten years.

This brings us to the thing that  
Mr. White is "gettin' at." He com-  
plains that the tax commission last  
year cost the state \$47,012.01.

It did. But by diligent work since  
1900 this commission has compelled  
the railroads and other corporations  
of the state to pay their taxes as  
completely and upon the same basis  
as individuals, and Mr. White, per-  
haps inadvertently, admits this when  
he says that railroad and other cor-  
poration taxes have increased from  
approximately \$2,700,000 in 1900 to  
approximately \$6,500,000 in 1911.  
This may be bad news for the rail-  
roads, BUT CAN MR. WHITE CON-  
VINCE THE AVERAGE CITIZEN  
THAT IT IS NOT A GOOD THING?  
From the standpoint of the plain ci-  
tizen, isn't it worth \$47,000 to make  
the railroads pay approximately \$4-  
600,000 more a year toward the ex-  
pense of maintaining government?

Again, Mr. White complains that  
the railroad commission costs the  
state approximately \$95,000 a year.  
But statisticians have shown that, as  
a result of the work of this commis-  
sion, the people of Wisconsin are an-  
nually saved approximately \$2,000-  
000 in reduced freight and passen-  
ger rates, and that is but one item of  
many. Nobody but the railroads and  
Mr. White are dissatisfied with this.

But a few months ago the railroad  
commission stepped in and prevented  
an increase in the rates for gas and  
electric current in La Crosse. Had  
the raise been made it would have  
cost the taxpayers of La Crosse an-  
nually several times as much as the  
total amount which they pay in un-  
returned state taxes. Incidentally,  
the ruling was followed by a change  
of policy on the part of the company  
in that it now turned to expansion as  
a means of creating additional rev-  
enue, a fact that has put this cor-  
poration in better standing with its  
patrons than it had enjoyed in many  
years.

Poor "Farmer" White, protecting  
himself and the other "poor farmers"  
from the predatory La Follette! He  
values his Vernon County farm at  
\$10,000. In 1900 it was assessed at  
\$3,030, and in 1911 at \$4,450, an in-  
crease, not of 400 per cent, but of  
about 45 per cent. And in his former  
article Mr. White said that the in-  
trinsic value of real estate has in-  
creased 50 per cent in ten years.

Doubtless many people are asking  
what is the matter with Mr. White.  
He certainly cannot be peeved over  
the taxes on that farm of his. Of  
course, he has admitted that the an-  
ti-pass law, operating to prevent his  
land agency from taking prospective  
customers to the prairies without ex-  
pense, was not to his liking. Then,  
too, the Wisconsin law making stud  
horse notes non-negotiable may have  
annoyed him. But outside of all  
that, there remains the fact that  
these White letters need not neces-  
sarily be accurate, because they are  
not for home consumption. The pa-  
pers containing them are being sent  
to other states to be used in at-  
tacking Senator La Follette, a fact  
our only concern regarding which is  
the question of who pays the freight.  
As to our table of "misfit cal-  
culations," which Mr. White "noticed"  
but did not quote, we challenge him  
to take it up item by item and show  
that it is not accurate in all essen-  
tials.

## A Good Mixer

He was not quite three, so perhaps  
he should not be blamed for confus-  
ing sacred and profane tradition in  
his narrative. At any rate, the cli-  
max was modern.  
"Little Bo-Peep, she looked and  
looked, but she couldn't find her  
sheeps anywhere—not behind the  
door, or in the barn, or on the moun-  
tains, or anywhere. But just then the  
good shepherd he came along, and  
he helped her look and pretty soon  
he found just one little baby lamb.  
And where you s'pose? Why, it was  
in the telephone—and they couldn't  
get it out!"—Harper's Bazaar.

Don't tell a man with a grouch to  
think of his blessings. If he wanted  
to think of his blessings he wouldn't  
have a grouch.

## Quips and Cranks and Wanton Wiles

O World, Be Cheerful  
O! world, be cheerful! Wherein lies  
the art?  
It is to stay the bitter thought and  
word.  
To seek in all mean things some  
goodly part,  
To hear this old, sweet tale, and  
having heard,  
To keep it in the heart,

Thus runs the tale! The Master on  
His round  
Of wonder working, faring forth  
one morn,  
Came to a city's market place and  
found  
The townsmen viewing with dis-  
gust and scorn  
Some object on the ground.

And drawing near, the Son of God  
descried  
A loathsome thing, a pitiable  
wreck—  
A dog, with tortured eyeballs star-  
ring wide;  
He saw the shameful halter round  
its neck,  
Its torn and bloody side.

"Faugh! how it desecrates the air!"  
cried one,  
"Foul crow's meat!" said another,  
and a third:  
"Mark ye the rope; it's thieving days  
are done."  
So cursed they all with contem-  
plous word  
The lifeless flesh and bone.

But ere the Master went upon His  
way  
He spoke, with sweet compassion,  
looking down  
Where the poor, broken, lifeless crea-  
ture lay:  
"Behold its teeth. Pearls of a Cae-  
sar's crown  
Were not more white than they!"

O! world, too long in forum and in  
mart  
You have preferred the bitter  
thought and word,  
Seek you in all mean things some  
goodly part;  
Hear, world, this old, sweet tale,  
and having heard,  
O! keep it in your heart!

—Tom Daly in Catholic Standard  
and Times.

## Revenge

It was the day on which the an-  
nual rival football match was to be  
played between the Ann Street  
Boys vs. Rafferty's Slashers, and  
Rafferty, the center forward of the  
Slashers, was just leaving home for  
the match when Mrs. Rafferty called  
the match when Mrs. Rafferty called  
out:

"Rafferty, have yez got yer shil-  
lelagh?"

"O! have!" replied Rafferty, deal-  
ing a thunderous bang on the door  
with it.

"Then put a brick inside yer hat.  
Remember the broken head the Ann  
Street Boys gave yez last season."  
"Thank yez for the hint, Mrs. Raf-  
ferty, me darlint," returned Rafferty,  
"but O!ve prepared a better sur-  
prise packet for the Ann Street  
Boys; O!ve sewed a dynamite car-  
tridge inside me hat. And begorra  
there'll be a sad home in Ann Street  
tonight after the usual free fight."—  
Ideas.

## A Modest Request

That a reputation for oratorical  
excellence may have its handicaps  
is illustrated by the experience in  
Arkansas of a certain member of  
congress, noted for his mellifluous  
tongue.

On one occasion this statesman  
was traveling in a little visited sec-  
tion of the state mentioned when he  
stopped over night in a log cabin in-  
habited by an old man and his wife.  
After breakfast the next morning  
the host, who had been in a flutter  
of excitement ever since he had  
learned the identity of his distin-  
guished guest, said he would like to  
make one slight request before the  
visitor departed.

"Couldn't you," he said, with evi-  
dent anxiety—"couldn't you just  
make my wife an' me a little speech  
before leaving us?"—Ex.

## Freeze Out

Politics is pretty much like a  
game of cards. The man who is  
most fortunate in drawing  
the best and strongest cards  
and then knows how to play  
them is pretty certain to win.

At this shop you take no  
chances of any kind. You can  
always count on a square  
deal and every garment we  
sell you here is a winner.

## RETURNING TO LA CROSSE

NORTHWESTERN UNITED  
DOCTORS  
OF MINNEAPOLIS, MINN.

An Association of Promi-  
nent Physicians Giving  
FREE Medical Services  
to the Sick.

At Stoddard Hotel  
Friday Mar. 29  
One Day Only

Remarkable Success of these Talen-  
ted Physicians in the Treatment  
of Chronic Diseases

The Northwestern United Doctors,  
licensed by the state for the treat-  
ment of deformities and all nervous  
and chronic diseases of men, women  
and children, offer to all who call  
consultation and examination free,  
making no charge whatever, except  
the cost of medicine.

These doctors are considered  
among America's leading stomach  
and nerve specialists and are experts  
in the treatment of all chronic dis-  
eases, and so great and wonderful  
have been their cures that in many  
cases it is hard indeed to find the di-  
viding line between skill and miracle.

Diseases of the stomach, intestines,  
liver, blood, skin, nerves, heart,  
spleen, kidneys, or bladder, rheuma-  
tism, sciatica diabetes bed-wetting,  
leg ulcers, weak lungs and those af-  
flicted with long-standing, deep-seat-  
ed, chronic diseases, that have baff-  
led the skill of the family physician,  
should not fail to call.

According to their system no more  
operations for appendicitis, gall  
stones, tumors, goiter or cancer.  
They were among the first in Amer-  
ica to earn the name of the "Blood-  
less Surgeons," by doing away with  
knife, with blood and with all pain  
in the successful treatment and cure  
of these dangerous diseases.

Selected cases of consumption,  
asthma, bronchitis and catarrhal dis-  
eases absolutely cured with combi-  
nation of medicine, hygiene, diet, ex-  
ercise and the important uses and  
advantages of clothes, occupation,  
etc.

Cases of deafness are frequently  
cured in sixty days. Loss of sight,  
cataract, granulated lids and old  
weak, watery, sore eyes treated suc-  
cessfully.

Eczema, salt rheum, eruptions, liver-  
spots and chronic diseases of the  
skin quickly cured. An absolute  
guarantee in every case accepted for  
treatment.

Patients with cancer, tumor and  
tubercular glands not larger than  
one to two inches usually cured with  
their hypodermic injection method,  
with one treatment, and this with-  
out pain.

Patients with growths larger than  
two inches are not invited to call.  
No matter what your ailment may  
be, no matter what others have told  
you, no matter what experience you  
have had with other physicians, it  
will be to your advantage to treat  
with the Northwestern United Doc-  
tors Specialists. Even if your case is  
incurable they will give you such ad-  
vice that will relieve you and stay  
the disease.

If you have kidney or bladder  
trouble, bring a two-ounce bottle of

Panama Hat Appears  
NEW YORK, March 27.—When  
Charles A. Dunn of this city stepped  
off the steamer Havana, he wore a  
panama hat, the first of the season  
here.

Stop Children's Play  
ODESSA.—Puskin park, the chil-  
dren's playground of Sebastopol, has  
been closed because the laughter  
and shouting of the children inter-  
fered with work in police headquar-  
ters nearby.

18 lb. Child Has Tooth  
WILKESBARRE, Pa.—The daugh-  
ter of Mrs. Eugene A. Morrow fur-  
nished two surprises when she was  
born. The child weighed 18 pounds  
and was equipped with one lower  
tooth.

Wed Him to Save His Life  
NEW YORK.—Alleging that she  
married her husband because he  
threatened to commit suicide if she  
did not, Mrs. Mildred Markowitz,  
former show girl and wife of a re-  
tired broken, is seeking divorce.

Wastes No Time  
PHILADELPHIA.—Mrs. Hazel B.  
West holds the record for hasty mar-  
rying after divorce. Three minutes  
after her decree was granted she ap-  
peared for a license to wed George B.  
Lippincott.

Mother of 24 Would Die  
JERSEY CITY, N. J.—Having  
borne 23 children, Mrs. Agnes Ra-  
clita, 48, attempted suicide rather  
than become a mother of a twenty-  
fourth. She is recovering in a hos-  
pital here.

Says Wife is Cruel  
PARIS.—On the ground of "ex-  
treme cruelty" a Parisian husband  
is suing for divorce because his wife  
compelled him to button her dresses  
in the back. One gown has 49 but-  
tons, he said.

## THE CARPET FROM BAGDAD

A New Novel  
By Harold  
McGrath

Copyright 1911—The Bobbs-Merrill Co.

Feverishly Mrs. Chedsoye worked  
for the journey. She was irritable  
to Celeste, she was unbearable to  
her brother, who took a seat in a  
forward compartment to be rid of  
her. It was only when they went  
aboard the steamer that night that  
she became reconciled to the inevit-  
able. At any rate, the presence of  
Jones would counteract any influ-  
ence Horace might have gained over  
Fortune. That the three of them  
might suffer unheard-of miseries  
never formed thought in her mind.  
It appeared to her in the sense of  
a comedy which annoyed rather  
than amused her.

They were greeted effusively by  
Wallace, he of the bulbous nose;  
and his first inquiry was of Ry-  
anne. Briefly the Major told him  
what had happened and added his  
fears. Wallace was greatly cast-  
down. Hoddy had so set his heart  
upon this venture that it was a  
shame to proceed without him. He  
had warned him at the beginning  
about that infernal rug; but Hoddy  
was always set in his daredevil  
schemes. So long as the Major had  
the plans, he supposed that they  
could turn the trick without Hod-  
dy's assistance; only, it seemed  
rather hard for him not to be in  
the sport.

"He told me that nothing would  
give him greater pleasure than to  
stick his fist into the first bag of  
yellow boys. There was something  
mysterious in the way he used to  
chuckle over the thing when I first  
sprung it on him. He saw a joke  
somewhere. Let's go into the  
smoke-room for a peg. It won't  
hurt either of us. And that poor  
little girl! It's a hell of a world;  
eh?"

The Major admitted that it was;  
but he did not add that Fortune's  
welfare or ill-fare was of little or  
no concern of his. The little spit-  
fire had always openly despised  
him.

They were drinking silently and  
morosely, when Mrs. Chedsoye  
pale and anxious, appeared in the  
companionway. She beckoned them  
to follow her down to her cabin.  
Had Fortune arrived? Had Ryanne  
She did not answer. Arriving at  
her cabin she pushed the two won-  
dering men inside, and pointed at  
the floor. A large steamer-roll lay  
unstrapped, spread out.

"I only just opened it," she said.  
"I never thought of looking into it  
at Cairo. Here, it looked so bulky  
that I was curious."

"Why, it's that damned Yhor-  
des!" exclaimed the Major wrath-  
fully. "What the devil is it doing  
in Fortune's steamer-roll?"

"That is what I should like to  
know. If they have been kidnaped  
in order to recover the rug, what-  
ever will become of them?" And  
Mrs. Chedsoye touched the rug  
with her foot, absently. She was  
repeating in her mind that childish  
appeal: "You don't know how  
loyal I should have been!"

They took the first sailing out of  
Naples. Twelve days later they  
landed at the foot of Fourteenth  
Street. There was some trifling  
difficulty over the rug. It had been  
declared; but as Mrs. Chedsoye  
and her brother always declared foreign  
residence, there was a question as  
to whether it was dutiable or not.  
Being a copy, it was not an original  
work of art, therefore not exempt,  
and so forth and so on. It was fi-  
nally decided that Mrs. Chedsoye  
must pay a duty. The Major paid  
grumblingly, very cleverly assum-  
ing an irritability well known to the  
inspectors. The way the United  
States Government mulcted her  
citizens for the benefit of the few  
was a scandal of the nations.

A smooth-faced young man ap-  
proached them from out the crowd.  
"Is this Major Callahan?"

"Yes. This must be Mr. Rey-  
nolds, the agent."

"Yes. Everything is ready for  
your occupancy. Your butler and  
first man have everything ship-  
shape. I could have turned over to  
you Mr. Jones's."

"Not at all, not at all," said the  
Major. "They would have been  
strangers to us and we to them.  
Our own servants are best."

"You must be very good friends  
of my client."

"I have known him for years,"  
said Mrs. Chedsoye sweetly. "It was  
at his own suggestion that we take  
the house over for a month. He  
really insisted that we should pay  
him nothing; but, of course, such  
an arrangement could not be  
thought of. Oh, good-by, Mr. Wal-  
lace," tolerantly. "We hope to see  
you again some day."

Wallace, taking up his role once  
more, tipped his hat and rushed  
away for one of his favorite haunts.

"Boulder," growled the Major.  
"Well, well; a ship's deck is always  
Liberty-Hall."

"You have turned your belong-  
ings over to an expressman?" asked  
the agent. These were charming  
people; and any doubts he might  
have entertained were dissipated.  
And why should he have any  
doubts? Jones was an eccentric  
young chap, anyhow. An explana-  
tory letter (written by the Major in  
Jones's careless hand), backed up  
by a cable, was enough authority  
for any reasonable man.

"Everything is out of the way,"  
said the Major.

"Then, if you wish, I can take

## KIDNAPPED CUDAHY CHILDREN

CUDAHY CHILDREN

PASADENA, Cal.—Again the matrimonial troubles of "Jack" Cuda-  
hy and his beautiful ex-wife are being aired through the papers because  
of the sudden disappearance of their four children, said to have been kid-  
naped from the home of Miss Clara Cudahy, an aunt, residing at 145  
East Chestnut street, this city. Little can be learned at the home of  
Miss Cudahy relative to the children, who are believed to be in the  
hands of friendly relatives. Little Michael has been definitely located  
in Chicago, and the three daughters, Edna, Marie and Anna, are said to  
have been taken to New York, after a brief visit with their grandmoth-  
er in Chicago. The plan seems to be to keep the children out of the  
hands of Mrs. "Jack" Cudahy, who is attempting to secure control of her  
four children.

you right up to the house in my  
car. Your butler said that he would  
have lunch ready when you ar-  
rived."

"Very kind of you. How noisy New  
York is! You can take our hand-  
luggage?" Mrs. Chedsoye would  
have made St. Anthony uneasy of  
mind; Reynolds, young, alive, me-  
taphorically fell at her feet.

"Plenty of room for it."

"I am glad of that. You see, Mr.

Jones entrusted a fine old rug to us  
to bring home for him; and I  
shouldn't want anything to happen  
to it."

The Major looked up at the roof  
of the dingy shed. He did not care  
to have Reynolds note the flicker  
of admiration in his eyes. The cle-  
verest woman of them all! The pos-  
itive touch to the whole dardevil  
affair! And he would not have  
thought of it had he lived to be a  
thousand. "One might as well dis-  
embark in a stable," he said aloud.

"Ah! We are ready to go, then?"

They entered the limousine and  
went off buzzing and zizzagging  
among the lumbering trucks. The  
agent drove the car himself.

"Where is Jones now?" he asked  
of the Major, who sat at his left.  
"Haven't had a line from him for a  
month."

"Just before we sailed," said  
Mrs. Chedsoye through the window,  
over the Major's shoulder, "he went  
into the desert for a fortnight or  
so; with a caravan. He had heard of  
some fabulous carpet."

### PASTORS ATTEND BIG CONFERENCE

Lutheran Churches Within Radius of Seventy-five Miles Represented on North Side

The La Crosse special conference is being held at the Charles Street Lutheran church this week with churches within a radius of seventy-five miles of this city being represented. Twenty delegates are present at the conference. Commencing yesterday morning, three sessions will be held daily until tomorrow evening when the conference closes. At the morning and afternoon meetings, doctrinal subjects of interest are taken up and discussed by the delegates while in the evening services are held at which all are welcome.

Last evening Rev. H. Halvorson of Westby had charge of the services and he delivered an excellent address. Bishop Nordby of Lee, Ill., will give a lecture on the Holy Land at the services at the Charles Street Lutheran church this evening. Professor Peterson will render several musical selections.

Following are the delegates who are present at the conference: Bishop Nordby, of Lee, Ill.; Rev. H. Halvorson, Westby; Rev. Moller, Milton, Wis.; Rev. Svenson, Kilbourn; Rev. Christopherson, Pigeon Falls; Rev. Snedy, Viroqua; Rev. Hendricks, Rising Sun; Rev. Urberg, Blair; Rev. Busdul, Eltrick; Rev. Ramberg, Whitehall; Rev. Otterson, West Salem; Rev. Berum, Holmen; Rev. E. O. Vik, of the Charles Street Lutheran church, La Crosse; Rev. Gullickson, Chicago; Prof. Gimmedstad, Galesville; Rev. Eikjarud, Cash-ton; Rev. Magelssen, Rushford; Rev. H. G. Magelssen, La Crosse; Rev. Hjertstad, New Lisbon, and Rev. A. O. Johnson of Spring Grove, Minn.

### KOEHLER GETS LIFE

HATCHET FIEND GIVEN LIFE SENTENCE FOR MURDER OF HIS COUSIN. HE IS CALM

MILWAUKEE, Wis., March 27.—Eighteen-year-old Alfred Koehler, was sentenced to life imprisonment at Waupun, in municipal court on Tuesday morning by Judge Backus, after pleading guilty to the brutal murder of Miss Annie Miller, 32 years old, his cousin. Not a muscle of Koehler's face moved when the terrible sentence was imposed upon him. His iron nerve did not waver when, during the grilling on the witness stand, he was made to detail minutely every move he made after he crept into the bedroom of Miss Miller early Thursday morning and, with a hatchet, hacked the sleeping woman to a horrible mass.

### EXPECT FIGHT ON BILL IN SENATE

WASHINGTON, March 27.—The hearings on the Underwood sugar bill, to be begun by the senate finance committee Wednesday, are regarded as the forerunner of great contention in the senate when the bill reaches that stage of consideration, according to statements of senators.

It is the general impression that the republicans of the committee will report the measure adversely. In that event, the income tax bill designed by house democrats as a revenue producer to offset the losses which would be sustained in governmental income, should the sugar bill be enacted, will not be considered by the committee until the senate takes final action on the sugar bill. If it is defeated, the income tax bill will not be considered. If the sugar bill is passed, the income tax question will be put up to the senate.

If the measure should reach the floor, a general debate is expected on its constitutionality.

### Othello's Pillow Fight

E. H. Sothern, the actor, says that a laugh in the wrong place strikes chill to an actor's heart. "Sometimes," he continued, "it works havoc, as the following incident will indicate."

"A stock company was playing 'Othello' at Lima, O. At the point in the fifth act where Othello cries, 'It is too late!' and smothered Desdemona with a pillow, a burst of convulsive laughter pealed from the gallery. Othello at first paid no attention to the disturbance and went on with his lines—'Not dead! not yet quite dead!'—when another and more uproarious guffaw, coupled with the contagious giggling of a hundred women, caused him to arise in real rage and call the curtain."

"Next morning, while the leading man was at breakfast, the meek waitress who brought his dishes whispered apologetically: 'Perhaps I am to blame for the trouble at the play last night, sir.'"

"How is that?", the actor inquired, with a frown, for he had just finished reading the local press notices.

"I—I'm awfully sorry, sir," she replied, "but really I couldn't help laughing. If there's anything that tickles me it's a pillow fight!"—Cosmopolitan.

## ENGINEERS TO HOLD POSITION

Refuse to Recede from Position in Their Demand for Increased Wages

NEW YORK, March 27.—At the conclusion of the conference of the locomotive engineers with the railroad managers yesterday it was announced that they would not recede from their position in their demands for increased wages.

Another joint conference may be held. Fifty railroads, comprising practically all the lines east of Chicago and north of the Norfolk and Western, refused to grant the increase in wages demanded by their locomotive engineers.

The engineers' demand, presented on January 22, was for an increase amounting to about 19 per cent a year. The railroads' refusal is based on the assertion that they are financially unable to bear the increased expense.

The railroads point out that the proposed increase will amount to \$7,553,792 annually. This increase, they say, would be equivalent to placing on their property a lien of \$188,844,818 of 4 per cent securities, which would have preference over first mortgage bonds, "and to just that extent would lessen the ability of the roads to make the improvements necessary to increase the efficiency of their service and to insure greater safety to the public and employees."

**MORGAN SEES ROTHSCHILD**  
ROME, March 27.—Control through their personal and business connections of a majority of the wealth of the world was reported at a conference here today between Baron Rothschild, head of the noted European banking organization and J. P. Morgan, at the latter's hotel here today. The baron came here at the request of the noted American banker and they spent most of the day together. Both remained inaccessible and all information regarding the nature of their conference was refused.

**POPE OVERWORKED**  
ROME, March 27.—The slight cold which has affected the pope to such an extent that all public audiences have been suspended until after Easter has not confined him to his bed, although his personal physician is in constant attendance. The doctors have flatly told the pope that he has been working too hard and have demanded that the daily schedule be rearranged so that he will get more rest in the middle of the day.

## COAL STRIKE CERTAIN

AT LEAST ONE OR TWO MONTHS' SUSPENSION BOUND TO COME APRIL 1 IN SOFT COAL FIELDS

CLEVELAND, Ohio, March 27.—Hopeful of an agreement that may prevent the ordering of a strike in the soft coal fields, sixty-four operators and miners have resumed their wage scale deliberations in joint conference here. Both sides appeared to be resolved to an almost certain suspension of mine operations beginning April 1, for thirty or sixty days, to allow a referendum vote on the results of this conference.

## NEW STATE MAY STOP PRIZEFIGHTS

SANTE FE, N. M., March 27.—Abe Attell and Harry Reid will probably decide the fate of boxing in New Mexico in a fifteen round bout here this afternoon before the members of the state legislature.

Just now the New Mexican solons are considering the passage of an anti-boxing law. Friends of the sport are opposing it and, as a final argument in favor of boxing, they have invited the lawmakers to attend the bout in a body.

Jack Curley, promoter of the Johnson-Flynn fight, and particularly interested in the outcome of the bout and he will be one of the spectators. Curley is coming here to investigate offers for the Flynn-Johnson battle. These will be rendered fruitless if the bill goes through.

**BOILER EXPLODES**  
LAUREL, Del., March 27.—Word was received here today that five men were killed and three others seriously injured when the boiler of a sawmill exploded twelve miles west of here late yesterday. The injured were taken today to the Salisbury, Md., hospital, where it is said two of them are in a serious condition. The explosion was due to the water in the boiler getting low.

### BIRTHDAY PARTY

Mrs. A. S. Farnam entertained a dozen young girls yesterday afternoon in honor of the twelfth birthday of her daughter, Mary. The table was centered with a unique and ingenious ornament, it being a dozen little wicker baskets filled with candy and arranged to represent a chariot. Perched on a high seat was a beautiful gilt rabbit holding silken reins which were attached to two cunning little brown bunnies. Guessing games were played during the afternoon, Miss Lucile Cowles taking the prize for the most correct answers. Miss Ruth Salzer was the fortunate one to draw the ring in the birthday cake, Miss Harriet Scofield found the piece of coin and Miss Eleanor Edwards drew the thimble. The guests present were Ruth Salzer, Frances Burroughs, Marguerite Weston, Eleanor Edwards, Katherine Schweizer, Harriet Scofield, Dora Hirschheimer, Margery Nelson, Lucile Cowles and Mary Farnam.

Mrs. Frank Blackmore of 1616 Adams street entertained the Thursday Card club in honor of her birthday. The rooms were decorated beautifully with hyacinths and carnations. Covers were laid for twelve, a five course supper being served. Mrs. Blackmore was the recipient of many beautiful presents. The afternoon being spent in playing cards. Prizes were taken by Mrs. W. F. Adams, Mrs. J. E. McGrath, Mrs. V. Bushman, Mrs. A. Hanson and Mrs. H. Walter.

Miss Garnet Rogers entertained a number of her friends at her home, 1502 South Sixth street, the occasion being her twelfth birthday anniversary. Games and music furnished the entertainment. Ice cream and cake and other refreshments were served. Many nice presents were received. The guests present were the Misses Helen Starck, Esther Priebe, Gertrude Larsen, Nellie and Dorothy Love, Mabel Hines, Esther Poley, Katherine Haebick, Gertrude Beranek, Henrietta Jansky and Master Norman Schulze.

Little five-year-old Francis Rooney celebrated his birthday yesterday in the kindergarten department of the Washburn school. A pyramid birthday cake with five little pink candles in rosebud holders graced the large kindergarten table around which were gathered all of his little friends, fifteen in number. Hot chocolate and sandwiches were also added to the feast. The little host did the honors of the occasion in a creditable and hospitable manner.

Mrs. M. F. Egbert entertained ten little girls for her daughter, Jessie, in honor of her seventh birthday.

**LA CROSSE BOY HONORED**

Mrs. D. Cunningham left last evening for Chicago where she will meet her daughter, Miss Laura Cunningham, who is attending Smith College at Northampton, who will return with her for the Easter holidays.

Miss Ellen Hixon who is attending a private school in New York is spending her holiday season at Augusta, Ga., with her father and grandmother, Mrs. G. C. Hixon.

Mrs. D. C. Hill and daughter, Frances, of Chicago, arrived today and are guests of Mrs. Hill's mother, Mrs. David Austin.

Mrs. Emma Boley, who has been visiting her son in Minneapolis, returned home this week.

Miss Lillian Wasmeler of LaCrosse Ridge who has been visiting friends in the city, left Tuesday for Hixton to visit her sister.

News has been received of the death of Mrs. L. W. Alger, who died recently at Everett, Wash., of pneumonia.

The Young People's Society of the Norwegian Lutheran church, corner Sixth and Division streets, will be entertained this evening by the Misses Myrtle Anderson, Jeannette Moe and Minnie Hoel.

## CROSS, SICK, FEVERISH CHILDREN NEED GENTLE, THOROUGH CASCARETS

Most of the ills of childhood are caused by a sour, disordered stomach, sluggish liver and constipated bowels. They catch cold easily, become cross, listless, irritable, feverish, restless, tongue coated, don't eat or sleep well and need a gentle, thorough physic—but don't try to force a nauseating dose of oil into the little one's already sick stomach—it is cruel, needless and old-fashioned.

Any child will gladly take Cascarets which act gently—never gripe or produce the slightest uneasiness—though cleanses the little one's system, sweetens the stomach and puts the liver and bowels in a pure, healthy condition.

Full directions for children and grown-ups in each package. Mothers can rest easy after giving this gentle, thorough laxative which costs only 10 cents per box.

## "OPEN NIGHT" AT THE Y. W. C. A. GYM

Exhibition of Gym Work to Be Given by Classes at Association Gymnasium Friday Night

An "Open Night" is to be given by the gymnasium classes at the Y. W. C. A. gymnasium on Friday night at eight o'clock, under the direction of Miss Clement, physical director, to attend which a cordial invitation has been extended by the gym girls to their friends and others interested in gymnasium work.

This is the second exhibition given by the gym classes, the first having been given in February, and which proved to be a splendid success. Since that time, however, the classes have been practicing faithfully, and doubtless will show much improvement over the work done on the former occasion.

Both the beginners and the advanced classes will take part in the exhibition, and a basket ball game between two picked teams will conclude the program.

## MURDERER FORGIVES ALL AND HANGS

MARYVILLE, Mo., March 27.—Before going to his death on the gallows here yesterday Hez Rascoe, convicted slayer of four members of the Oda Hubbell family, stepped to the edge of the scaffold, recited the twenty-third psalm and sang: "Safe in the Arms of Jesus." He then made a brief talk, insisting that he was innocent and expressed forgiveness for those whom he accused of having hounded him to death.

When he spoke his voice was calm and steady. The four members of the Hubbell family were murdered in their home near Guilford on the night of November 10, 1910. Robbery was the motive.

## PEARSON CONFESSES TO DOUGLAS MURDER

BRAINERD, Minn., March 27.—The latest development in the murder case wherein William Pearson of Minneapolis is charged with killing George C. Douglas, the Pequot farmer and former Iowa state university dean, who resided on the shores of Pelican Lake, is an alleged written confession of the crime made to the authorities by Pearson. Of his own volition, Pearson is said to have written out the story of the murder. The sheriff and the coroner refuse to say much about the confession except to admit that it has been made.

### BLOODSHED IN POLITICAL RIOT

(Continued from Page 1)

smashed the windows of the store and sought to secure firearms.

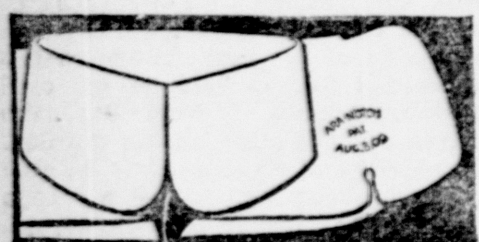

A cordon of police was thrown about the building and the rioters dispersed into smaller groups which committed many minor outrages. One gang went to the office of the News, a weekly paper published by John Looney, a lawyer and bitter enemy of Mayor Schriver. They demanded copies of Looney's paper, which recently published a bitter attack upon the mayor. This entire edition had been confiscated by Schriver. Looney had been arrested and was assaulted by Schriver in the police station several days ago. Looney was so badly beaten at that time that he has been in the hospital since, under arrest.

#### Wreck Newspaper Building

When the mob failed to secure copies of the paper, the building was wrecked and there was another call for the police. Mayor Schriver then called upon Sheriff Oscar Brumer for assistance. The sheriff and his ten deputies joined forces with the police, but at midnight the situation was so grave that Brumer telephoned Governor Deneen at Springfield that the situation was beyond his control.

Colonel Channon of the National guard was ordered out with the local company and the state troops from Moline, Geneseo and Sterling. The first troops started patrolling the street at 2 o'clock this morning. Col. Channon ordered all saloons closed until further notice and instructed the soldiers to permit no loitering.

At 8:30 today Col. Channon said he believed the trouble was over, although certain elements in the levee district, seemed to be in a bad temper and would have to be watched.

### RESURRECT BILL VETOED BY TAFT

Ways and Means Means Committee Re-introduces the Underwood Wool Bill in the House

WASHINGTON, March 27. — Denouncing the theories and methods of the tariff board as "erroneous and untenable," the democrats of the House ways and means committee today filed with the House a voluminous report on the re-introduced Underwood wool bill, vetoed by the president last summer.

The committee declares that the wool report gives absolutely no reasons for any change in the bill passed last year.

"The committee has made a careful analysis of the report of the tariff board in order to interpret the findings and to discover in what particulars the committee's bill of the last session was defective," the report states. "The analysis has failed to reveal anything that requires a single change in the rates fixed in the committee's bill."

"Those persons who are willing to overlook the lack of theoretical soundness and of statistical accuracy, will find the data of the report too fragmentary and incomplete to admit of conclusions with reference to rates of tariff duty. The report leaves the question of the tariff duties on wool as much unsolved as before the tariff board was formed."

"In preparing this bill no intentional provision was made for protection, the endeavor being to reduce and adjust rates with a view to producing the largest amount of revenue consistent with the proper consideration of the consumer."

"Probably the most striking feature of the report of the tariff board is that it contains little with reference to the tariff. It is primarily an analysis of the money expenses involved in the production and manufacture of wool."

After a voluminous discussion of the tariff board's findings regarding conditions in the production of raw wool, the committee, to justify the rate of 20 per cent placed on the raw product by the bill, declares that no "protection" whatever is necessary.

A short trip through southern Iowa and Illinois, Mr. Hartwell stopped off in Rock Island yesterday and says that the people are much excited over the killing of the men in the riots of Monday and Tuesday nights.

"There seems to be much confusion over what the trouble is all about," said Mr. Hartwell today, "but it seems to be the universal opinion in the Illinois city that the end is not in sight. Many fear that the coming of the militia will only serve to incense the disorderly elements. Even in Davenport, across the river, the excitement is intense."

**Special Grand Jury**

State's Attorney L. Y. Magill announced that he would today ask the circuit court to summon a special grand jury to investigate the rioting and bloodshed and indict those responsible.

The police and friends of Schriver claim that the rioters were led by hoodlums from Davenport, Moline and Chicago. Both the dead man and one said to be dying are unknown here and nearly all of those in the hospitals are strangers to the police and are unknown in the town. Schriver says he will charge that these men were imported for the purpose of starting demonstrations against the city officials.

**The Dead**

C. Kellogg, 40, engineer, of Davenport; shot through arm, died of fright, according to physicians.

**The Wounded**

Raymond Swengel, 18, of Rock Island, shot through the abdomen, will die; William Vogel, 22, Rock Island, shot through left kidney; William Heuck, 38, shot through left hip; S. Herman, 35, Rock Island, shot through left hip; Lee A. Fawcett, Moline, shot through the neck; Dr. Alfred S. Tocker, 40, shot through palm of hand, while bandaging an injured man.

About twelve others were hit by bricks and other missiles. Most of these were sent to their homes.

**Hartwell Was There**

That Rock Island will see more bloodshed in the near future is the opinion of Attorney F. H. Hartwell who arrived in La Crosse today after

Food for thought is more satisfying and fattening than thought for food.

### WINNERS IN TOURNNEY

GUND, BURNS, UTERMÖHL, MICHEL AND GELATT PLAY FOR CUP TROPHY AT LA CROSSE CLUB

The winners of the billiard tournament at the La Crosse club will play a series of games for the permanent ownership of the club cup trophy, which is offered as an award. The schedule calls for five days' play beginning tomorrow afternoon and continuing until Tuesday evening, April 2. Games will be played in the afternoon and evening each day.

Henry Gund, John C. Burns, J. L. Utermöhl, R. B. Gelatt and C. F. Michel are the contestants who will take part in the tourney, which will decide the permanent ownership of the club cup. Each man is to play four games, one contest with each of the others in the tourney, and umpires have been assigned for each game.

Following is the schedule of play:

Thursday, March 28, 4 p. m. — Gund vs. Utermöhl. Umpire, Craft.

### DIRECTORS OF BOARD OF TRADE MEET

The launching of the campaign for membership by the Board of Trade, which was to have been taken up at the meeting of the directors at the La Crosse club late yesterday, was postponed until the next meeting, which will be held next Tuesday. Owing to the fact that there was much routine business to take care of at yesterday's meeting, it was decided to outline the plans for the campaign when more time could be devoted to its discussion. Several other matters of importance will be taken up at the Tuesday meeting.

W. V. Kidder, John C. Toeller, D. S. Fairbairn and George Rose, Jr., a committee from the La Crosse Motor Boat club, held a conference with the board directors yesterday in regard to certain expenses incurred at the Dubuque regatta last summer.

The directors present at the meeting were: William Doerflinger, Andrew Lees, J. C. Burns, C. P. Thompson, W. F. Goodrich, A. P. Funk, George Linker, Wm. H. Hirsch, D. W. MacWillie, E. S. Heberd, H. O. Klein and J. L. Utermöhl.

### VOTING BOOTHS PREPARED

In preparation for the election which will be held next Tuesday, Fred Schnell of the board of public works started to put the twenty-one voting booths of the city in shipshape condition today. The booths are being cleaned and warmed so that the voter will be able to cast his ballot with comfort and convenience.

### COOKING SCHOOL DRAWS A CROWD

(Continued from Page 1)

plained, care must be taken in this as in any other form of cooking and a beginner must be especially careful. Like all new propositions, paper bag cooking has been exploited by a number of manufacturers of cooking bags and it is to be regretted that some of the cooking bags which have been placed on the market do not come up to the requirements of the new science, consequently there have been causes for failure on the part of those who have used some others than the Original Union Cookery Bags.

Mrs. Marshment explained that she had experimented with practically all of the different cooking bags but her demonstrations are conducted with Union Cookery Bags exclusively and that any lady who used this product and followed her instructions carefully would be sure to have success reward her efforts in paper bag cooking.

**Practical Recipes Selected.**

A feature which was particularly commented on by the many women present at the first cooking session was the common-sense menus prepared and demonstrated by The Tribune's cooking expert. Not expensive and hard to prepare dishes formed her cooking program but those recipes which are of every day use to the busy housewife were made the features of the afternoon and many were the clever ideas and suggestions which this clever lady offered for the aid of her interested hearers.

Another feature of the affair which was a distinct and pleasant surprise to visitors at the cooking school, was the interest displayed by a number of local concerns who had arranged attractive booths in which food products and appliances of a labor saving nature are shown. There are a number of especially attractive displays and special demonstrations and they do much to add to the general interest of the affair and cause it to take on quite an exposition appearance.

### Booths are Attractive

The Listman Mills have a most attractive booth calling attention to their meritorious product, Marvel Flour, and a feature of this display is made of the many premiums which are offered to users of this home product. The Marvel booth is a genuine attraction at the cooking school, and "The Dutch Miller" which forms the idea of the decoration at this booth is a unique way of calling attention to the honest value of Marvel flour. Mrs. Marshment is using Marvel flour exclusively in all her cooking where flour is the main ingredient and the results which she is getting from this made at home product speak eloquently of the genuine merit of this product.

Cooking appliances, modern, up-to-date devices for the kitchen are the features of a really elaborate display made by the Fred Kroner Hardware company. This progressive concern is represented by a display of kitchen and cooking utensils which are a delight to the housewife and a more comprehensive line of appliances would be hard to find in an establishment in a city much larger than La Crosse. Mrs. Marshment is demonstrating the possibilities of these devices in her cooking and clearly shows what a real cook can do if she has the facilities. The universal line of utensils is attractively displayed and the Universal Bread Maker is being used by Mrs. Marshment in her demonstrations.

A popular booth is that of the Ice Cream and Butter company of La Crosse. Ice cream in every imaginable shape and form as well as flavor is seen at this booth and served free to the lady visitors in liberal quantities. The many attractive designs in which ice cream may be gotten up for special affairs, parties, receptions, are shown at this display and Lacto, a new and healthful frozen dairy product, is prominently featured in this booth. Lacto milk is something new to La Crosse women and the Ice Cream and Butter company are promising much for it. Souvenirs in the shape of ice cream cones, filled with the delicious product of this concern are passed out at this booth and visitors are many.

The Norgaard Soap company is represented by a comprehensive display of their soap products and Old County Green soap, of which La Crosse women have heard so much recently is prominently featured at the booth erected by this live concern. Other products manufactured by the Norgaard people are their Almond Complexion soap and Ox Gall cleaner. Both of these products are displayed and demonstrated at the cooking school and samples distributed to all who visit their booth. The Norgaard soap display is an exposition in itself and is very attractive and getting its full share of visitors among the many women attending the cooking demonstrations.

Mrs. Marshment uses gas exclusively in all her cooking demonstrations and the La Crosse Gas and Electric company has furnished a beautiful elevated oven range for her use during the days of the cooking school, as well as arranging quite an elaborate display of their cooking appliances on the floor. The many possibilities of gas for cooking are being clearly and cleverly demonstrated by this cooking expert and that this clean and most economical fuel is the logical cooking method is conclusively proven at every session.

### A Treat to Local Women

The cooking school promises to be the most successful affair of its kind ever undertaken by a local newspaper that it is proving to be a genuine treat to the many women who are taking advantage of the demonstrations is self evident. Tomorrow afternoon Mrs. Marshment will have her famous bread and pastry lesson and this is an event of unusual interest to the housewife who bakes bread or cakes. There are many features to this demonstration, chief of which is Mrs. Marshment's 20th century bread, mixed, raised and baked in an hour and fifteen minutes. This is a lesson of unusual importance and The Tribune urges the women of La Crosse to be sure and attend tomorrow

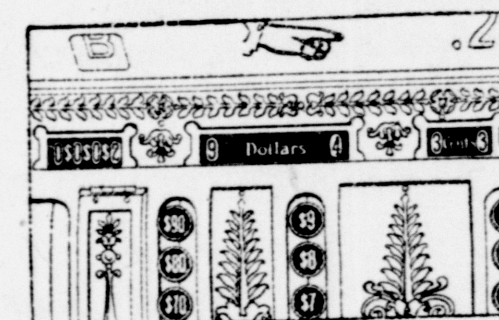

## FIVE PARTS of a National Cash Register which benefit Merchants.

### The Indicators

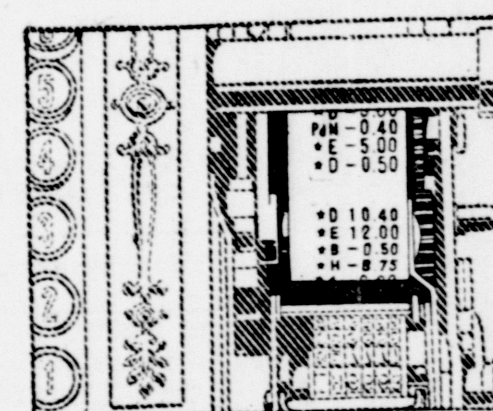

When a sale is recorded a bell rings. This draws the attention of everyone to the amount which the figures at the top of the register show. The publicity of each record helps enforce the correct handling of your money and accounts.

### The Adding Counters

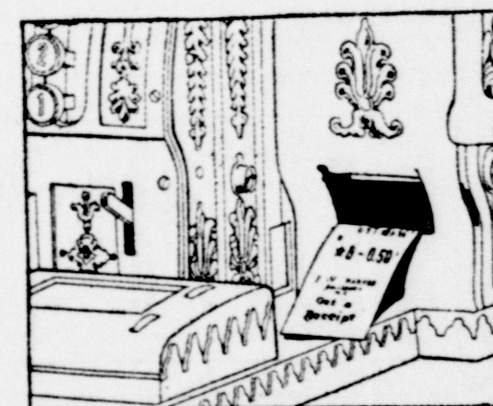

The same amount, which the indicators show, is added on total-adding wheels inside the register. This added record enables you to prevent losses.

### The Sales-Strip

The register prints on the sales-strip the same figures which the indicators show. From it you can know every transaction occurring in your store regardless of where you may be. This printed record enables you to settle disputes and trace sales.

### The Printed Receipt

This printed receipt, showing the amount of sale, goes to the customer when the sale is recorded. The receipt, in connection with the added and printed records, enables you to get all your money, therefore all your profits.

### Clerks' Individual Counters and Cash Drawers

The individual counters tell how much each clerk sells. In connection with the separate cash drawers, they make each clerk responsible for his own transactions. You can judge the value of each clerk in your employ, because you have accurate records to measure each one's ability, honesty, accuracy and industry.

### HENRY WINTER DIES OF HEART FAILURE

After eating a hearty supper, following which he went to his room to rest for a while, Henry Winter, aged 77, died suddenly of heart failure at 7 o'clock last night at the home of his son-in-law, Mr. Wolf, at Dakota, Minn.

Mr. Winter, who was a prominent and well known settler of Dakota, Minn., was born August 25, 1834, in Pennsylvania. Many years ago he moved to Minnesota, where he engaged in farming, and he continued farming until his death. Mr. Winter was in the best of health up to a few months ago, when he began to fail and he has been failing gradually since that time. He was well known and popular and leaves many relatives and friends to mourn his death.

The funeral will be held at the residence at 1 o'clock Thursday afternoon and from the Methodist church at Dakota at 2 o'clock. Burial will be made in the Dakota cemetery. Tetley & Son are in charge of the funeral arrangements.

### TALK ON LOCOMOTIVE AT "U" EXTENSION

## The very latest thing in the Electric Line — The New 15-Watt Mazda Lamp (About 12 Candle Power)

This Lamp is intended for use in many places where a very bright light is not needed or desired such as in halls, closets, porches, stairways, cellars and for decorative effect. Burns more than SEVEN hours for ONE CENT. You can doubtlessly use a number of these 15 Watt Lamps in place of the old style, wasteful carbon lamps and at ONE QUARTER THE COST for current. Let us tell you more ABOUT THESE LAMPS.

## DENGLER NAMES THE CITY SEALER

E. F. Hughes Gets Appointment to New Office Created by the Last Legislature

HIS DUTIES WILL BE MANY

Must Canvass City to Inspect All Devices for Measuring and Weighing

Mayor John Dengler today announced the appointment of E. F. Hughes to the position of city sealer of weights and measure of La Crosse, the appointment to take effect April 8.

The office of city sealer was created by a law governing standard weights and measures which was passed during the last session of the legislature providing that the mayor of all cities of 5,000 population or over shall appoint a city sealer of weights and measures from an eligible list to be furnished by the state civil service commission by means of a competitive examination.

The duties of the city sealer as prescribed by the law on weights and measures are to make at least one complete canvass of the city each year and to inspect at least once each year all weighing or measuring devices used in measuring quantity of any commodity for the purpose of selling, and other than the annual inspections whenever he may deem this necessary.

Among the devices which will come under this law for inspection are scales, dry commodity measures, liquid measures, strawberry boxes, milk bottles, linear measures, crates and barrels used in the sale of fruit, and oil pumps.

The duties of the city sealer will also include the enforcement of that provision of the law whereby coal dealers are ordered to deliver a coal check containing the net weight of the coal and other information, to the purchaser with every sale.

Standard weights and measures to be approved of by the state inspector of weights and measures will be procured to be used in testing measuring devices. Office quarters will be provided but as yet complete arrangements have not been made in this matter.

## RAISE PRICE ON MURDERER'S HEAD

MINNEAPOLIS, Minn., March 27.—After arresting and releasing two men with scratched faces, both of whom proved alibis, in connection with the search for the murderer of Alice Matthews, the police are today as far from a solution of the mystery as when first they began work on the case. Governor Eberhart today added \$500 to the \$500 reward already offered by the city for the capture of the slayer. A resolution providing for still another \$500 is before the city council, which, if passed, will make a total of \$1,500.

## Success With Paper-Bag Cookery Depends Absolutely Upon the Use of the Proper Bag--Ordinary Paper Bags Will Not Do.

They are sure to make the food taste of paper. The special paper bags required are the Union Cookery Bags—the only bags made in America especially for the Soyer method of cooking. Do not attempt to use any other. Inexpensive and marvelously simple. This new method of cooking in fresh germ-proof Union Cookery Bags gives to food a new deliciousness, prevents shrinkage and loss of flavors, saves a vast amount of time, labor and expense. Things cook in less time and cook perfectly—no greasy pans to wash, no smell of cooking in the house.

# UNION Cookery BAGS

Prepare food as usual and put into a bag of proper size. Close the end tight and slip bag into oven. Needs no further care until the necessary time for cooking has elapsed, then slip a plate under bag to remove it from the oven, slit open the top of the bag with a knife, and the food will be found more deliciously cooked than is possible in any other way. Everything except soups and beverages may be cooked in Union Cookery Bags. They are made of guaranteed pure materials, odorless and tasteless, moistureproof, germ-proof, not injured by heat. Airtight, they retain all the richness, flavor and aroma of the food. Self-basting, self-browning. Made in all needed sizes. Sold in sealed, sanitary packages. Liberal quantity in package.

Silence and Power

Very few, if any, of the popular priced machines on the market today combine SILENCE AND POWER, many of them have great power but they are extremely noisy and therefore undesirable, and when you do find a quiet one it has not enough power to be a factor on the road, and who wants to be eternally bringing up the rear and taking all the dust? You don't need to take any man's dust with a BUICK, if you think you do just try to pass one on the road, a surprise is in store for you.

The BUICK is acknowledged to be the most powerful and fastest stock car that travels the highway today; in addition to these most necessary features the 1912 machines have the customary BUICK power and speed, and in addition have SILENT motors, in fact there is no car on the market to compare with the silence of the BUICK. The 1912 car is the refinement of all the years of experience of the famous engineers of the BUICK MOTOR CO., no old material or out of date ideas left over, everything right up to the minute. ### **HUNTING CLUB BRINGS SPEAKER**

J. Alden Loring, Naturalist  
Who Hunted in Africa  
with Roosevelt, to  
Lecture

"Game and game protection" is the subject of an address which will be given in the old Y. M. C. A. building Saturday evening under the auspices of the La Crosse County Hunting and Fishing association. The speaker is J. Alden Loring of the American Game Protective association and he is known as one of the greatest authorities on his subject in the country.

The American association has recently established a 7,000 acre game farm in Massachusetts and is preparing to distribute young birds of several varieties among its members, one of which is the La Crosse Hunting club. It is likely that several hundred young ducks will be available for planting in this community this year. It is understood that the young birds are sent where there is provision made for their protection. It is understood that Mr. Loring will explain in detail that phase of the association's plan for the propagation of wild game. His address will be of unusual interest to the sportsmen of this vicinity. No admission will be charged for the lecture.

Mr. Loring was one of the naturalists who accompanied Col. Roosevelt on his African expedition, and before making this trip, he was connected with the biological survey at Washington, in the capacity of field naturalist. Years of experience have made him eminently fitted to talk on the subject he has chosen. Besides being thoroughly familiar with the subject he has a rare gift of expression, and is an experienced lecturer. To accompany this talk which has been prepared especially for the association which he represents, he has made about 150 colored slides, representing birds and animals of North America. Most of the photographs from which the slides were prepared are copyrighted by their owners, and they include some of the most remarkable snapshots of wild game in natural surroundings that have ever been secured.

While the object of Mr. Loring's lecture is to put clearly before the community the situation which this country is now facing as a result of unrestricted shooting, the address is not in any way a sermon. It is full of interesting details about the habits of the birds and animals themselves, that cannot fail to interest any lover of life in the open.

### **INJURIES AT MILL RESULT IN DEATH**

TOMAH, Wis., March 27.—While working in a lath mill near Kirby, Mr. Fred Schroeder sustained injuries that resulted in his death Friday evening. Thursday afternoon, while working, a stick flew from the machine, hitting Mr. Schroeder between the eyes and the blow received knocked him over and he fell on another stick of wood, which inflicted a severe wound just above the neck. His small brother was the only witness and he called help and Mr. Schroeder was given the best of care but his life could not be saved. Deceased was thirty-three years of age and was a prominent farmer residing near Kirby. Funeral services were held Monday. Rev. J. G. Glaeser, pastor of the German Lutheran church will officiating.

Judge Baldwin of La Crosse, referee in bankruptcy, gave notices to creditors of the Bonnie View company and a hearing will be held in his office the 29th for the confirmation of the real estate which was recently sold for \$19,400 to John C. Hart of Elroy and E. F. Riley of Madison.

Mauston, a neighbor city, is going to have a postal savings bank, which will be opened April 12.

Mrs. Fred Haker was severely in-

jured by falling on an icy walk Wednesday evening last. She fell backward, striking the back of her head and one elbow on the cement walk. The force of the fall drove the bone of the arm through the flesh and also split the clothing at the elbow. The wound was closed and fortunately no bones were broken but the injury and shock were very severe.

The house belonging to Jap Beardsley, two miles southwest of this city was completely destroyed by fire Saturday afternoon about 2 o'clock. The cause is not known, but nothing of material value was saved.

A number of farmers in this vicinity are planning to see the livestock special at Sparta Friday evening. This will be very interesting the correct way and incorrect way of breeding, ventilating and other things pertaining to livestock.

A movement for the building of four miles of macadam roads is being pushed by the business men with the co-operation of the towns of La Grange, Tomah, Adrian and Ridgeville. The roads to be improved are one and one-quarter miles from the city limits north to the Northwest-ern depot, two miles extending from the road built last fall west and southwest to Wm. Mathews corner, which covers the same to the clay road in Reeds Valley and a little less than a mile direct south of the city to Thos. Costello. This will put Tomah on the map as a good roads town and show we are progressing in this as well as everything else.

The subscription list in this city has reached \$1,200, with quite a large number who have not been given the opportunity of subscribe. This list will be finished next week. The list being circulated among the farmers is being liberally subscribed to also. The town of La Grange will be asked to contribute \$1,000 at the next town meeting, and the balance will be made up by the city. The cost of this strip will be \$4,200. The county will furnish one-third and the state will do likewise. The cost of the roads south of the city will be possibly \$10,000. Everybody is pushing the proposition and it is hoped that these roads will be built.

Thomas Richard Williams died at his home on Woodward avenue, Friday afternoon, at 3:30, at the age of 66 years. He was born March 19, 1846, on Lake Erie. He leaves to mourn a wife and children. Funeral services were held Monday afternoon. G. B. Haskell officiated.

Rev. T. Lewis of Oshkosh is holding quarterly and evangelist meetings at the Seven Day Advent church, five miles from this city.

The vacation for the public schools will commence April 5, and continue until April 21. The vacation was put off a week so as to let the boys spend a whole day on the creek April 15. The German parochial school vacation commenced Monday, continuing for one week only.

The proceeds from the Mondovi game amounted to \$80 and the high school association cleared \$50. An effort is being made to obtain a return game with Neillsville to be played at Tomah.

After sustaining an overwhelming defeat at the hands of Mondovi by a score of 44 to 14, the high school basketball team defeated the Mondovi team in the armory by a score of 24 to 14, thus completing the schedule for the season. The game was fast and the Tomah boys put up the fastest game ever played on their floor, although the basket shooting was poor at some times. The team played a good all around game. Ferrington, Mondovi's center, who is conceded by many critics as the best center in the state, was held by Henry to one basket, the least he has made in any game this season. His work was fine and he broke up many of the home team's plays. Mr. Griffin, a former La Crosse normal player refereed the game.

The popcorn wagon which belonged to Mr. A. O. Otto was sold to Mr. W. M. McCurdy, Mr. McCurdy expects to operate it in Sparta.

During the absence of Mr. and Mrs. Ira J. Stutsman, their property was nearly all destroyed. Thursday night the cold water pipe between the first and second floors burst and flooded the entire house and destroyed furniture, rugs and wall paper. Among the serious losses was a valuable piano. The damage was not noticed until Friday afternoon.

### **Wonderful Treatment For Corns Callouses and All Sore Feet**

Millions of people who endure daily torture from sore feet will welcome the information that there is now a simple treatment that positively and quickly cures foot ailments of all kinds. You can say goodbye to

corns and callouses; bunions; swollen, aching, bad smelling and sweaty feet. This treatment works right through the pores and removes the cause of the trouble.

Use it once and your feet feel delightful; use it for a week and your foot troubles will be a thing of the past. Dissolve two tablespoonfuls of Calocide compound in a basin of warm water. Soak the feet in this for full fifteen minutes, gently rubbing the sore parts. Amazing results follow. Calocide was formerly confined to doctors' use but now any druggist will supply it. If he does not have it in stock he can get it in a few hours from his wholesale house. A twenty-five cent package is said to be enough to put the worst feet in fine condition.

## **SOCIETY HOSIERY**

THE SILK STOCKINGS WITH  
THE STYLE, WEAR AND FIT

Coles Phillips, the famous New York artist, has said woman must lavish most of her attention on the shoes and stockings that dress her feet.

He is right. No woman of today can afford to wear ill-fitting shoes and shoddy stockings, and no shoes, however expensive, look well over a flimsy, cheap looking hose.

### **SOCIETY STOCKINGS**

Are woven of heavy pure silk, are exceptionally long, with reinforced heel, sole and toe and double knit garter top. They have all the durability of the old time lisle combined with the beauty of the silk. In their weaving the greatest care has been taken, with the result that there is no unseemly bagging at the ankle or instep.

SOCIETY STOCKINGS look their part—they are fine, sleek and thoroughbred. SOCIETY HOSIERY is not on sale at the shops, but must be purchased from us direct by mail. In this way we eliminate the dealer's profit, greatly reducing the cost to you and also prevent the substitution of an inferior grade of hose.

These stockings positively will not run; they come in all colors, and will be sent by mail to any address, all charges prepaid. If on inspection you are not satisfied—you to be the sole judge—your money in full will be refunded.

Special prices to introduce our Society Silk Hosiery good for ten days only.

## **Tea and Beer**

Dr. William Lee Howard, in his article in the Saturday Evening Post—"Failures at Forty"—states that Tea will tan hides and should be avoided.

While Tea is much used and delightful, tannin in Tea is poisonous and injurious. Physicians have long recognized the value of beer over beverages commonly used daily on the family table. Doctors recommend.

### **Coffee**

### **"Reaction"**

is like the fever after a wound—the most serious part of the trouble.

Caffeine, the drug in coffee, "wounds" the nerves of the body and the reaction is like a slow, destroying fever:

Why trifle with beverages such as coffee and tea which contain a drug, when it is so easy to find a wholesome, delightful hot beverage—good for all the family.

### **POSTUM**

### CHILDREN'S NOISE CAUSES TROUBLE

Member of One of Virginia's First Families Made a Weak and Nervous Wreck by Her Own Children. How She Recovered

WILY, Va.—"I was so weak and nervous that I could hardly be up," writes Mrs. Dora Stauffer of this place.

"I could not bear the noise of my children and had terrible pains.

Every breath I took, made the pain more intense.

My heart would flutter, and I fell off a great deal.

My sleep was made restless by scary dreams, and I had to lie awake many hours every night.

My appetite was bad and I had to force myself to eat.

Such was my condition when I decided to take Cardui.

One week after I commenced, the pains had left me, and in three weeks I felt like another person.

Now I am fully recovered and feel right well."

Mrs. Stauffer is a member of one of the first families of Virginia, and you can take her word for what she says about Cardui.

What is Cardui?

A woman's tonic, a strengthening medicine, such as all women need, at times.

Used successfully, during the past century, by over a million women, of every age, in all walks of life, it has earned a reputation for helping sick women back to health. Try it.

### NO TRACE OF MURDERER

MINNEAPOLIS, Minn., March 26.—Stung by Mayor Haynes' bitter criticism yesterday and spurred on by a reward of \$500 offered by the city and a possible addition of \$500 more, the police, resumed their search for the murderer of Alice Matthews, 21, brutally assaulted and strangled Saturday night within a hundred feet of her home.

### ONCE THE HOME OF AUDUBON

Beautiful Mansion Where Great Naturalist Died Is Now a New York Tenement.

In a dismal hollow, at the foot of One Hundred and Fifty-eighth street, New York, overlooking the Hudson, is a great square house that looks as if it ought to be haunted—and perhaps it is. It was once magnificent. Its lawns were perfect and its fountains played in the sunlight. On every side of it were other handsome homes, and all the owners were friends of long standing. Now the granite wall of Riverside drive almost cuts into the roof of this fine old mansion. Italian laborers live in it and unkempt babies sprawl upon its porches. A giant apartment house towers over it and only the rays of the western sun ever reach its windows.

It is the old home of John James Audubon, the American naturalist, which he purchased in 1842 and lived in for some years with his sons Victor and John and their families. He died there in 1851 and was buried in Trinity cemetery, near the woods that formed part of his estate and which were later called Audubon park. For five or six years Audubon park has been but a memory, only a few dilapidated homes remaining in a hollow hemmed in by modern "bureaus where people live in the drawers."

### BARRE FARMERS TO TALK CORN

Balmer will Explain Treatment for Smut at Institute Next Friday

The La Crosse County School of Agriculture will hold a corn institute at the brick school house, district No. 8, in the town of Barre, Friday afternoon and evening, March 24.

In preparation for this meeting Principal Frank E. Balmer, assisted by Alfred Nuttleman of Barre, has collected a large number of samples of seed corn from the farmers in that part of the county which are being germinated and will be taken to this meeting and shown to the farmers.

At the afternoon session beginning at 2 p. m. Mr. Balmer will discuss the germination test of seed corn and the test of the farmers own seed will be presented.

The feeding value of corn and corn silage and the proper time of cutting the latter will be presented by Mr. W. E. Morris.

The grain of a considerable number of farmers in this section of the county is effected with smut, and a demonstration of the treatment of grains for smut will be given at this afternoon session.

The evening meeting beginning at 7:30 will be introduced by some numbers given by the pupils of district No. 8. Following this two illustrated lectures will be given. They are: "Increasing the Corn Yield," and "Practical Swine Management."

### PLAN TO GET THE PHANTOM BANDITS

PARIS, March 27.—Government and city combined to trail the phantom bandits whose record of three murders yesterday has appalled the nation. The question of capturing or killing the gang was the chief subject discussed at yesterday's cabinet conference. The chamber of deputies will be asked to appropriate \$159,000 to finance the man hunt. The government's plan is to purchase eight of the fastest automobiles obtainable, detail the most expert secret service men to the cars and keep them going night and day. The orders will be to get the bandits dead or alive.

### FEDERALS DEFEATED MEXICO IN PANIC

MEXICO CITY, March 27.—The defeat of the federals at Corralito near Jimenez and the suicide of General Salaz has created the greatest depression among the people of Mexico City as they believe Orozco will now march direct to the capital despite the fact that Gen. Huerta has been rushed north with fresh troops. The government still declares the battle at Corralitos was a federal victory killing the gang was the chief heavy.

### How to Absorb an Old Complexion

(From Popular Monthly)  
A girl signing herself "Discouraged," writes she has tried "everything" for her "coarse, horrid, muddy complexion" and asks, "Is there no really effective remedy?

Doctoring your complexion with stuff that comes out of jars and bottles is liable to make it worse. The surest way to banish a bad complexion is to remove it. Ordinary mercurized wax (get an ounce at your druggist's) will do this. Apply at night like cold cream; wash off in the morning. The wax absorbs the old skin, revealing the clear, soft, healthy and beautiful skin underneath. Naturally all surface defects go, too, as pimples, blotches, liver spots, freckles and blackheads. The treatment causes no discomfort; no one can tell you are using it, the cuticle coming off so gradually.

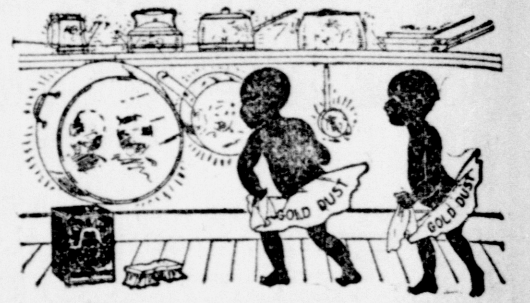

## GOLD DUST will sterilize your kitchen things and make them wholesome and sanitary

Gold Dust does more than clean—it sterilizes and leaves your kitchen things sanitarily safe. The ordinary soap-washed utensil is not fit to eat from, because soap does not cleanse as thoroughly as it should—does not kill germs of decay which are bound to lurk in oft-used utensils.

Gold Dust does most of the cleaning without your assistance, and does it, too, in a quicker and more thorough manner than will soap or other cleansers.

Gold Dust makes pot and pan spick and span.

Gold Dust is sold in 5c size and large packages. The large package means greater economy.

Mr. and Mrs. William Wagner went to Muscoda Monday, where Mrs. Wagner will remain for a few days, the guest of her sister, Mrs. George Bremmer.

Dr. J. M. Ferebee of Richland Center is in the city taking advantage of mineral water and treatment at the sanatorium.

Hon. John E. McConnell of La Crosse transacted business here Monday.

Miss Alma Taylor, elocutionist who has been in the city the past ten days giving instruction to the participants in the annual high

school declamatory contest, will return to give an entertainment under the auspices of the M. E. ladies aid society on April 19.

C. C. Case leaves Wednesday morning on a business trip to Duluth.

L. F. Copsey of Lynxville was a business visitor in Prairie du Chien Monday.

Mr. Herr, a Dubuque architect, was in the city Tuesday on business in connection with the new canning factory.

Mrs. W. B. Tart is spending a day or two in La Crosse.

W. R. Graves had business in Cassville Tuesday.

Mrs. M. Christenson of Velen, S. D., was the guest of relatives and friends here last week. Mrs. Christenson was formerly Miss Mattie Vorth.

Miss Edna Simonton of La Crosse is spending a few days in the city at the home of Mrs. Ed Foss.

## ANY MAN MAY EASILY REGAIN Lost Vitality

Strong, vigorous vitality, the crowning glory of mature healthy manhood. Do you know, reader, what this means to you?

If by these few simple inspired words (which every man may with profit read) I should be the means of pointing out to you or other men the straight

road to new manhood, new powers, new capacities for a better and more glorious physical and vital development, then in doing this I have rendered a great and lasting service to my fellow being, and one which is infinite in its power for good.

This self-same VITALITY, this builder of manhood and manly vigor, may easily be regained, and I will tell you how.

Therefore, if I give you new vitality, I make you young again and keep you feeling young the balance of your days. By increasing your vital supply, I soon have you answering "Simply feeling fine" to your friends' morning greetings, while they themselves turn with secret wonder at the wondrous change you have undergone.

The better which has come over you, is the greatest inspiration in the world, his power and fascination are felt by all women and all men alike who are near him. Nothing but death can conquer the giant of strength and manly vigor. On the other hand, how different with the half-man, the neurasthenic degenerate, who is burning up his vitality in dissipation and excesses! Is there any sight more pitiable, more repellent to one's sense of decency, than the weakling who deliberately kills his manhood and self-respect by acts of willful debauchery? Such a man has neither what wisdom I can impart. But any man who is willing to make a

fair, square fight for the return of his lost vitality and lost manhood, who will promise faithfully and honestly to discontinue any debasing practices or excesses he may be indulging in, who will help me thus by helping himself to such, no matter how dependent he may be, no matter how weak and debilitated, no matter what years of folly have passed, to such a man I can offer all the encouragement in the world. Just lead a decent man's life, my friend, and then increase your VITALITY. All else will come.

I make and distribute a vitalizing appliance which I call a HEALTH BELT. I do not want you to get one of these HEALTH BELTS now nor tomorrow nor next week, for that matter, but first wish you to write for or call and get one of my little free books. I want you to thus have my whole story of this subject of VITALITY, so that you may judge for yourself. My HEALTH BELT, with suspensory attachment, is a complete treatment in itself; that is, you place it comfortably around your waist nights when you go to bed and wear it all the time when you are asleep. The vitality which it produces and sends into your system hour after hour is felt as it flows in. There is no shock, but merely a pleasant, warm, soothing sensation which induces a sound, refreshing sleep. Weak back often disappears at once, and a better feeling is immediately experienced. Two or three months' wear is usually sufficient. The cost is normal. With special attachments, my HEALTH BELT is used by women as well as men for rheumatism, kidney, liver, stomach, bladder disorders, etc.

Let Me Send You This Book Free

My book, as described above, will be sent in plain, sealed envelope to anyone who fills in the below coupon. It is fully illustrated with photo reproductions, printed on fine coated paper, and should be read by every man, young, middle-aged or elderly, who is ailing or strong. Write or call today. Hours 9 to 6; Sundays, 10 to 1.

G. H. SANDEN, CO., 1264 Broadway, New York.

## I INVITE EVERY WOMAN

Every woman is invited to consult our Staff of Physicians, Surgeons and Specialists, at the Invalids' Hotel and Surgical Institute, Buffalo, N.Y., by letter at my expense—R.V. PIERCE, M.D.

There is every reason why women should not trust their delicate constitutions in the hands of unskilled persons. It requires a thorough medical education to appreciate and understand the female organism. There is every reason why she should write a specialist.

As a powerful, invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, fainting spells, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the distinctly feminine organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is devised and put up by a physician of vast experience in the treatment of woman's maladies. Its ingredients have the indorsement of leading physicians in all schools of practice.

The "Favorite Prescription" is known everywhere as the standard remedy for diseases of women and has been so regarded for the past forty years and more.

Accept no secret nostrum in place of "Favorite Prescription"—a medicine of known composition, with a record of forty years of satisfaction behind it. Sold by all Druggists.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

Send 31 one-cent stamps to pay cost of wrapping and mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, cloth-bound. Invalids' Hotel and Surgical Institute, R. V. Pierce, M. D., President, Buffalo, N. Y.

MIKE GIBBONS IS  
AN EASY WINNER

NEW YORK, March 27.—There remains no question today in the matter of ring supremacy where Mike Gibbons of St. Paul and Jack Denning of New York are concerned. Mike last night proved far too clever for Jack at the Fairmount Athletic club. However, the New York lad was game to the last and did not at any time cease to fight. Gibbons tried several times to place a knockout, but each attempt failed and Denning, though badly cut in the face and weakened and sore in the body, stayed the limit.

MILWAUKEE MAY  
GET AUTO CLASSIC

MILWAUKEE, Wis., March 27.—The 1912 American grand prize and the Vanderbilt cup race, the automobile classic of America, may be held here the coming summer, negotiations to that end now being a matter of serious consideration between the local automobile dealers' association and the automobile club of America, it was announced today. Representatives of the local association are today in New York with instructions to close the deal. The project has been endorsed by practically every civic society in the city and the purse money is assured.

LOCAL BOYS WIN  
PLACES IN MEET

Frank Novak, Archie Larson and "Tub" Keeler, three former star athletes at the high school, secured places in an indoor field meet at the university of Wisconsin last Saturday evening. Keeler won third place in the shot put, Buser and Van Ghent, the star varsity athletes, being the only ones to beat him out. Novak took third place in the 49 yard dash, Tormey and Loomis alone beating him. Larson was a member of the victorious relay team.

A woman may be known by the company she isn't at home to.

## NEWS OF THE SPORT WORLD

BIG STICK MAN  
WOULD GET JOB

Tillisch, First Sacker, Who Says Batting Average Is .474, Would Get Job with Outcasts

Charles M. Tillisch, a first baseman who has a batting average resembling that of Ty Cobb, wrote President J. A. Elliott yesterday about signing up with the Outcasts this season. According to his letter Tillisch is some slugger for he states that, while playing with the Orange Judd team of the Advertisers' league in Chicago, he batted for an average of .474. He was at bat nineteen times, made nine hits for a total of twenty-nine bases, which is some swatting, drew ten bases on balls, and made eight sacrifice hits. His team won the championship of the league, losing but one contest. In addition to playing with this team, Tillisch has been a member of some of the leading amateur teams in Chicago.

Mique Malloy, manager of the Wausau club of the Wisconsin-Illinois league, stated in a letter that he regards the outlook for a winning team as bright. He said that he intends to play one of the outfield positions, that Kelley, first baseman for the Outcasts last year, would be tried out for that position, and that Billy Wals would have a chance to be one of the catchers. An attempt will also be made by Malloy to land Frank Baillies, former local and Winona twirler, for one of the pitching staff.

Mique says that he has a promising lot of ball players, some of whom he will have to release when the season starts and that La Crosse can get some good material from him. He is willing to give the locals a chance to buy any surplus players he has and he asserts that all of the men trying out for jobs on the Wausau club look good. Mique is going to train his team at Chicago.

Edwin De Lave, slugging twirler of the Eau Claire club, wants to know whether that team is going to be in the league or not this year. In a letter to Mr. Elliott he said that he had heard nothing whatever from the club.

STOP-GAP GRAPPLES  
DOWNS AL ABEL

Because Stanley Pecoy of Cresco missed train connections to Lansing, Iowa, for his wrestling match with Al Abel of Madison Monday evening, Bob Friedrich of Lansing went on with Abel and beat him in two straight falls before a large crowd. Friedrich pinned his opponent's shoulders to the mat for the first fall with a double hammerlock in 23 minutes, while he got the second fall in sixteen minutes with a hammerlock and half Nelson. J. P. Moore of La Crosse refereed the match.

Friedrich had little trouble in defeating Abel and he showed up to good advantage throughout the match. Going on in place of Pecoy on short notice he more than made good and proved as strong if not stronger opponent for Abel than the Cresco man would have been. Friedrich has been secured to act as referee in the Young Miller-Jack Little match which is to be held here Friday evening.

## DAY GETS MARRIED

ST. PAUL, Minn., March 27.—Frank A. Day, former democratic chairman for Minnesota, was married yesterday to Miss Helen Mills, Bremerton, Wash., at an Episcopal church in Seattle, by Rev. Dr. Gowan, according to a dispatch from the western city. They will take a short trip to Vancouver, B. C.

## CONSTABLE KILLED

VANCOUVER, B. C., March 27.—Police Constable Byers, a popular member of the Vancouver force, was shot and killed by Oscar Amil Larson last night in Larson's shack. When Inspector Crewe and Officer Russell arrived, Larson shot at the officers through the window. When the officers replied, Larson turned the revolver upon himself and is dying in a hospital. He is a fisherman.

## BETTER COWS NEEDED

LIVINGSTON, Wis., March 27.—To realize the profit from their labors that they should, Badger state dairymen, according to Prof. George C. Humphrey, must breed better cows and then supply their herds with such feeds and give them such care as will induce economical milk production. Prof. Humphrey spoke thus to an audience of dairymen and farmers who visited the special demonstration train of the Wisconsin Livestock Breeders' association here today.

HUMAN LIFE WORTH  
LESS THAN CATTLE'S?

We are paying much attention to preventing the contagion of tuberculosis among our stock. Are men and women and children of no more value than the beasts of the field? Can we not afford to spend a few dollars for the conservation of the health of the people? What shall it profit a man if he gain all the gold in the world and lose his own health?

## PLAY OSHKOSH ON THURSDAY

First Game Is Against Fast Quintet, but Victory Is Expected; Seven Men Go on the Trip

The local high school basketball team left this morning for Appleton where the eighth annual Wisconsin high school basketball tournament is to be held Thursday, Friday and Saturday of this week. Although the highs realize that they will have a hard task before them in winning first honors they are determined that no team shall beat them out and they are prepared to put up the battle of their lives to win the championship. This is the third time in succession that La Crosse has been represented and they won the championship once and secured second place last year.

Seven members of the local squad accompanied by Coach Carter boarded the train for Appleton this morning and it is upon these men that the chances of the La Crosse high school for another championship depends. The team will line up at Appleton the same way that they have in their other games this year with Captain Stavrum and Strum at forward, Weisse at center, and Hayes and Jungbluth taking care of the guard positions. Chamberlain and Dornbach are the subs.

The first game for the La Crosse team will be played Thursday night when they will line up against the speedy Oshkosh quintet. This will be a hard game but the locals should be able to defeat the eastern five according to the way they have been playing of late.

Following is Thursday's schedule: No. 1—Madison vs. Oconto. No. 2—Menomonie vs. Janesville. No. 3—Antigo vs. Superior. No. 4—Oshkosh vs. La Crosse.

The first two games will be played Thursday afternoon and the third and fourth on Thursday night, and the four losers will be eliminated from the tournament. On Friday evening the winners of Nos. 1 and 2 and of Nos. 3 and 4 will meet in the semi-finals. Saturday night the winners of the Friday games will meet for the state championship and second place and the losers of the Friday games will meet for third place.

The records of the eight teams for the season indicate that they are so evenly matched that it will be impossible to pick the winner until after the games on Thursday and maybe not until after the semi-finals.

The members of each team must be certified to the board of control of the Wisconsin Interscholastic Athletic association, as to their ages, class, years in athletics, hours of study, subjects, credits and class standings and no player will be permitted to participate in the tournament who has not been passed by the state board.

Chance's Warriors Stiffening Up from Lack of Practice; Pirates Lose to Rookies

NASHVILLE, Tenn., March 27.—Manager Chance early today declared he would lead his veterans into battle against the locals today if ground conditions were favorable. The men are getting stiff from their enforced idleness that all their early workout is going for naught. Their practice yesterday amounted to only a few minutes of tossing the ball about.

At Devore's Home  
MERIDIAN, Miss., March 27.—Manager McGraw of the New York Giants, expected to get in a lot of work today. The team plays here this afternoon and Josh Devore, whose home town this is, wears hero honors even before the first ball is tossed. McGraw will take his men to Mobile tonight for two days' hard practice.

Tigers Beat Jackson  
NEW ORLEANS, La., March 27.—The Tigers arrived in New Orleans and will be joined here by Ty Cobb and George Moriarty. They play the Pelicans three games starting today. The much battered Tigers managed to drag themselves out to the Jackson, Miss., park yesterday and whaled out a nine to four victory, despite their injuries sustained in the wreck Monday night.

Yannigans Lick Regulars  
HOT SPRINGS, Ark., March 27.—For the second time since the opening of camp, the Yannigans today are smoking at the expense of Barney Dreyfuss. They beat the regulars yesterday, 9 to 2. Irving was the chief cloutier and Simon at pegging showed brilliantly.

Sox Seconds Win  
WACO, Texas, March 27.—The White Sox regulars with Pitchers Delhi and Lange departed from camp early today for Corsicana for a game this afternoon. The Sox remaining here were able to use the ball parks only this morning. The Sox seconds with White and Roger pitching won an easy victory from San Antonio, 12 to 4 yesterday.

EBERHART MAY CALL  
A SPECIAL SESSION

ST. PAUL, Minn., March 27.—Governor Eberhart will be asked by a joint committee representing the La Follette and Roosevelt organizations to call an extra session of the legislature to enact a presidential preference primary.

A poll of the legislature may be taken to ascertain if two-thirds favor the plan.

Attorney General Smith in an opinion yesterday holds that the Caswell plan for a caucus presidential preference primary will not invalidate the delegate caucus ballot.

Governor Eberhart is asked by I. A. Caswell, manager of the Roosevelt campaign, to answer more specifically on the proposition of a voluntary presidential primary.

State officials generally indorse the plan.

LADS MAKE ESCAPE  
FROM COUNTY JAIL

EAU CLAIRE, Wis., March 27.—Roy Peterson, 17 years old, of St. Paul, who, with Clarence Barney, aged 19, of Minneapolis, was tried in the circuit court here last week for burglary, the jury, disagreeing, escaped from the county jail here early Monday by making a hole in the cell wall. They removed bricks with the aid of an iron bar and crawled out. No trace of them has been found.

## TUNNEL CAVES IN

BERLIN, March 27.—The great subway tunnel under the Spree river caved in today. Eighty laborers working on the tube extension heard the roar of the coming water and fled to the nearest hoists, being whisked out of the workings just as they filled with water. The actual damage will exceed \$1,000,000.

FAN-ATICAL  
FANCIES

Nicholson, the former Minny league twirler, has reported to the Milwaukee baseball club and is now working out daily. The former Minny league slab artist looks good to Manager Hugh Duffy according to dispatches.

Wouldn't it be more appropriate to have the state high school championship tournament held at Madison under the auspices of the university than to have a tourney of this importance conducted by a small school like Lawrence college? There is already a strong agitation to have the 1913 tourney at Madison, according to those who are in a position to know, and this would undoubtedly prove a satisfactory arrangement to all the high schools. Instead of deciding which teams are to meet in the first series by lot, Marc Catlin, Lawrence athletic director, picks each team's opponents arbitrarily. It is said that the object of this is to eliminate the weakest teams at the outset, but does that seem a fair way of deciding a championship?

Jack Little, the Milwaukee wrestler, says that he wants the arena roped when he meets Young Miller at the Majestic theater Friday. Yes, that would probably be the best course to pursue in case Miller develops unexpected strength again.

The Detroit Tigers have the distinction of being the first baseball club to be in a railroad wreck this year. The train in which they were traveling yesterday was wrecked and a number of the Tiger party were injured although none were hurt seriously.

NELSON DODGES VOTE  
ON IKE STEPHENSON

ST. PAUL, March 27.—Senator Knute Nelson slipped through St. Paul yesterday without communicating with any of his political friends. He arrived from Chicago shortly before 8 a. m. yesterday and took the 8:35 Great Northern train for Alexandria. None of his political associates knew that he was coming.

It is said that the senior senator left Washington so as to be absent when the vote on whether to oust Senator Stephenson of Wisconsin comes up. At his home in Alexandria he explained that he was there to engage a new tenant for his farm. He refused to discuss politics.

## TO REDUCE RATES

ST. PAUL, Minn., March 27.—Two cents a mile will be granted by lines in the Central and Western Passenger associations, on account of the Democratic National convention in Baltimore, June 25, and the Republican National convention at Chicago, June 18. Only the lines in the Central association as yet have taken official action in the matter, but those in the Western association, at a meeting in Chicago next month, are likely to take similar action.
